reviews for this book, I decided to give it a try and order it from . I also had read another Kat Martin's book before this - 'Savannah Heat' and I had liked it very much. So, I was fully prepared to like this one too, but the sad truth was that...it didn't hold my attention at all! I expected so much more but I actually found it boring at times. Nothing really great happens in this book - no real adventure. The heroine is never really in danger - NEVER and neither is the hero. Where is the excitement? The action? Okay there is a good love story but I want more than just romance when I read a book. I also would like some action and excitement. If there was any action in this book it was minimal, nothing so great. I don't think I will buy another of Ms Martin's books. While Savannah Heat had left a very favourable impression on me, this one sadly did not. It's not really bad, just not so good either. I don't know if I would recommend it or not. Depends on the reader's tastes, I guess. On my part I prefer books that are action packed, as well as wildy romantic - Give me Christina Skye everyday and I will be content. 0 von 0 Kunden fanden die folgende Rezension hilfreich. No big deal....Nothing so special about it. Von Claire After having read so many delightful comments about this book, I decided to give it a try. After all I had also read another of Ms Martin's Books which is 'Savannah Heat' which I liked very much. I was prepared to like this book in the same way but the truth is that I didn't. I found it boring at times. Never any real action. Never any real danger. Just when things should be spicing up a bit the hero comes and save the heroine without anything having occurred. There is almost no real action in this book and for me this is a great fault in a romance plus that the romance is not such a great one too. At least, I've read better, even from Kat Martin herself - in Savannah Heat to be exact. After having read this one I doubt that I will buy again any of her books. I would not call it a bad book, but just not my style - I like more action, more thrill in a romance so that it does not get boring. I don't know if I would recommend it to anyone. It just depends on the tastes of the readers. 0 von 0 Kunden fanden die folgende Rezension hilfreich. THE BEST MEDIEVAL ROMANCE STORY EVER!!!!!! Von Ein Kunde I LOVED this book!! This is the BEST book I've ever read!! I have read and re-read this book so many times I've lost count. I'm in love with Ral. And he is in love with his "Cara". I read this book about 2 years ago, and it's still my favorite. Because of this book, I've read all of Kat Martin's books, but to me none of them compare to this unforgettable love story (Don't get me wrong, know, her other books are pretty good too). I mean I really felt hurt and betrayed when I saw him (in my mind) with Lynett (hope I spelled her name right. Gosh how I HATE her!) I also felt heart broken. And when he slapped Caryn, Wow did I feel that!! But I also felt his love and pain, and that is why I absolutely loved this book. It really plays with your emotions. I don't want to overpraise this book, but I can't really help it. So, I hope I'm doing good instead of harm to someone who has not read it yet. I give this book 10 Stars! Like I said I LOVED IT!!!!!!!!!!!!

Kurzbeschreibung They were enemies in a divided land...Saxon beauty Caryn of Ivesham longed to escape the chill gray cloisters of the convent to which she'd fled-but not in marriage to the towering, feared Raolfe de Gere, the Norman knight they called Ral the Relentless. Even though he had once saved her from a fate worse than death, she could not forget he'd raised the grim battlements of Braxton, keep on her dead father's lands or that his men had dishonored her sister. If she wed him to bring peace to her people, he would have to lay siege to her bed. But in Kat Martin's Bold Angel, their destiny was more powerful than the clash of swords. The darkly handsome warlord's blood coursed with desire for Caryn's burnished crimson lips, and his passion would not be denied. But in the wild ecstasy they shared. Ral feared more than his heart was in danger. Could his rebellious bride be a traitor deadlier than the wolves and brigands prowling deep in English forests? Pressestimmen "Excellent and entertaining."--Heather Graham "An excellent medieval romance...Readers will not only love this novel, but clamor for a sequel."--Affaire de Coeur "Kat Martin has superbly captured the essence that is the medieval period. Fans will most assuredly ask for more from this talented author."--Linda Abel, The Medieval Chronicle
