A little gemVon high artSynopsis:When her lover Dana accepts a long-term assignment on a foreign shore, physician Jackie Claymont finds her quiet life in rural Maine abruptly transformed by two newcomers, each a nurse, each interested in romance, each capable of changing Jackie's world forever.Kind Joni's warm presence challenges Jackie to question her loyalty to far away Dana, while lusty Carin, a married woman, takes a direct approach in her quest to inspire the doctor's passion.Jackie's private drama becomes suddenly public when Carin files a sexual harassment complaint that

draws the attention of Jackie's colleagues, patients, and neighbors. Another woman would flee in shame, but Jackie Claymont does not quietly disappear. Instead, she stays to fight for her reputation, her career, and ultimately for the right to love the woman she chooses. But which one does she love?-----Despite some serious editing flaws, this book is a little gem for me. I liked the truthfulness about love this book transports...not every love is meant to be, yet it still is worth living it. Oh and I also loved that they author waited until nearly the end to put a number (age-wise) on the main character...of course when reading closely one was able to guess her age. This book just holds a charm that is enticing.....and it managed to make me laugh out loud from now and then.
