Guter Anfang, miges EndeVon BcherliebeDie 22jhrige Samantha reist mit ihren Eltern in einer Wagenkolonne in den Westen, um dort neues Land zu besiedeln, doch unterwegs sterben ihre beiden Eltern und Samantha wird mitten in den Bergen von der Reisekolonne ausgesetzt, weil diese keine unverheirateten Frauen duldet. Sie irrt ein paar Tage durch

den Schnee, bis sie schließlich von Patrick, einem 28-jährigen Trapper gerettet wird. Patrick ist zugleich ein Halbindianer und hat sich aufgrund rassistischer Erfahrungen in die Einsamkeit zurückgezogen und lebt selbstgewohnt einsam. Dort wohnt sie mit ihm in seiner kleinen Berghütte. Ein paar Tage später findet Patrick einen kleinen Jungen und nimmt ihn ebenfalls mit. Die Romanze zwischen den Protagonisten spielt leider eher eine Nebenrolle in dem Buch. Im Vordergrund steht mehr die abenteuerliche Bedrohung durch den gierigen Kolonnen-Anführer und die Aufklärung über den Verbleib der restlichen Siedler. Die Spannung des Buches beruht auf den durchschnittlich vielen dummen, rassistischen Nebencharakteren. Die eigentliche Liebesgeschichte entwickelte sich sehr langsam. Es gab vielleicht zwei Küsse. Auch nach 90 Prozent war der Held der Meinung, er müsse Samantha verlassen, um sie zu schützen. Sehr enttäuscht war ich vom abgehackten Ende. Als Patrick sich doch endlich zu einer Beziehung durchgerungen hat, gab es einen großen Zeitsprung. Er macht ihr einen Heiratsantrag und auf der nächsten Seite ist Samantha bereits sehr schwanger. Was dazwischen passiert war, hätte dem Roman ein wohlverdientes Highlight am Ende geben können. Aber nein, es müßte alles schon sweet und clean bleiben. Darum würde ich das Buch auch älteren Kindern zu lesen geben. Mir persönlich war es nicht romantisch genug, es fehlte an Gefühlen und blieb insgesamt recht lauwarm, aber Geschmcker sind ja verschieden...

Kurzbeschreibung Banned from the wagon train Samantha Foley wanders through the Colorado Mountains. An early winter storm arrives leaving her at its frozen mercy. Ruggedly handsome Mountain Man, Patrick McCrery comes to her rescue. Patrick, half white and half Indian, he fits in neither world. He lives a solitary life as a trapper. He certainly does not want to get involved with the beautiful Samantha Foley. Knowing she is leaving at the first spring thaw, Samantha tries to guard her heart but sometimes her guard slips leaving her totally and utterly in love with her handsome hero. When she is finally left in town at the bottom of the mountain, she can't help but gaze at the mountain trail wishing with all her heart, Patrick will appear. Can love shine through distrust, discrimination, and accusations? Only if it's deep enough. Interview with Kathleen Ball Is Love So Deep your first Historical Western Romance? Yes it is. I changed gears and decided to write a sweet romance. Historical westerns have always been my favorite. Right now the price is right. It's free in the US. This one is not about a Cowboy No, it's about a Trapper who lives alone. He's Native American, well half and he's not really part of either world. What's your favorite part of writing romance novels? The love story, the raw emotion of falling in love and hoping your feelings are reciprocated. I also love a happy ending. I always hope for marriage and babies for my characters but it's usually a fun, emotional ride getting them to that point. What other books do you have that are historical westerns? I have a Mail Order Bride Series that has gotten a lot of attention. The first book is Cinderella's Bride and it's only 99 cents. The second one is Keegan's Bride. The third is Shane's Bride. The fourth is Tramp's Bride. The fifth is Poor Boys Christmas - new for 2016.
