Von Colin Cotterill : Love Songs from a Shallow Grave: A Dr Siri Murder Mystery (Dr Siri Paiboun Mystery) before purchasing it in order to gage whether or not it would be worth my time, and all praised Love Songs from a Shallow Grave: A Dr Siri Murder Mystery (Dr Siri Paiboun Mystery):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great!Von CustomerI am thoroughly enjoying the Dr. Siri novels, love the humor, the friendship and the winding plots. Can't wait to start reading the next book!10 von 10 Kunden fanden die folgende Rezension hilfreich. Der spannendste Dr.-Siri-Roman von allen!Von TedescaMit diesem 7. Teil der Dir.-Siri-Reihe hat sich Colin Cotterill selbst betroffen. Wie immer beginnt die Geschichte heiter, Dr. Siri und Civilai kommen mir oft vor, wie ein eingespieltes Slapstick-Duo mit ihrem treffsicheren Sarkasmus. Bald ist unser Held auch wieder in ein paar schreckliche Verbrechen involviert und steckt seine Nase in Dinge, die ihn eigentlich als Leichenbeschauer garnichts angehen, aber was wre die unterbesetzte Polizei von Vientiane ohne ihn? Mitten in einem spannenden Mordfall wird er gemeinsam mit Civilai auf eine diplomatische Mission nach Kambodscha geschickt, und sptestens da nimmt die Geschichte einen Lauf, der mir tatschlich die Trnen in die Augen gebracht hat. Was zu dieser Zeit, also den spen 70ern, in diesem Land passiert ist, kann und will man garnicht glauben. Cotterill zeichnet ein schonungsloses Bild, und Dr. Siri wird bald selbst Opfer dieses grausamen Regimes.Einmal mehr ein spannender Krimi mit viel Tiefgang und einem Wiedersehen mit all den liebgewordenen Figuren, die auch in der schwierigsten Situation zusammenhalten wie Pech und Schwefel. Ein Lesevergnngen der besonderen Art, es ist zu hoffen, dass auch noch ein Teil 8 folgen wird!1 von 1 Kunden fanden die folgende Rezension hilfreich. ToughVon Fuchs JoanIch fand diesen Band den schwierigsten bisher, er ist etwas anders geschrieben als sonst, mit vielen Zeitsprngen, mehr aus der Perspektive Siri's selber. Die ganze Geschichte mit den roten Khmer ist echt harte Kost, wir sind uns dessen einfach zu wenig bewusst. Allgemein hngt ber dem Buch der schreckliche Schauer, welcher meist erst am Ende der anderen Bcher auftritt, wie wenn der Schowdown schon auf der ersten Seite begonnen htte. Ein Buch des Grauens, eigentlich wollte ich nur 4 Sterne verteilen, doch ist es wirklich gut geschrieben, packend und nur wegen der ensetzlichen Thematik einen Stern abzuziehen, das ist einfach nicht richtig. Ein grossartiger Band, der eine furchtbare Zeit beschreibt.

KurzbeschreibungAs usual, all is abnormal in Dr Siri Paiboun's morgue. The good doctor and his team are investigating the case of the Three Epes: three women skewered by a sword through the heart. A culprit has been apprehended, tried and sentenced to death. But Siri isn't sure they have the right man.Unfortunately, the number one (and only) coroner of Laos isn't in a position to help anyone - not even himself. As his birthday dawns, Siri finds himself incarcerated and staring starvation and torture in the face. As usual, his curiosity is to blame for his predicament, but this time it looks as though his inquisitiveness could be the end of himPressestimmenPraise for Love Songs from a Shallow Grave A New York Times Notable Crime NovelYou get a real feeling for what Laos was like in the 70s. The humor is wonderful, toovery subtle, very British.New York PostThis is the seventh and most sardonic ofMr. Cotterill'sDr. Siriseries, and it is not easy to cope with the combination of misery and merry melancholy that he employs. His writing, as always, is skillful and smooth and his plot is artfully strung together. The book fascinates as it chills."The Washington TimesColorful.The Seattle TimesI love this elegantly written series, set in Laos with clever, septuagenarian coroner Dr. Siri. This one, the seventh, is the best, but all of them are terrific . . . A delightful mix of history and politics, and an excellent mystery.The Globe and MailShallow Gravecarries on in the wry, unpredictable manner of previous Cotterill books. Unlike the earlier novels, this one contains sections of first-person narrative by Siri. His voice is as marvelous as everything else about him.Sacramento News and It's a rare treat to say that a book placed so far into a series is the best one. Authors more often than not run out of steam by the seventh book. Not Colin Cotterill.Oregon Live (The Oregonian)Cotterill, a resident of Thailand, has a gift for creating memorably eccentric characters, while spinning a fascinating array of Southeast Asian history and folklore into his narratives.Japan TimesCotterill's superb seventh mystery . . .has it alla heroic protagonist, a challenging puzzle, and an exotic setting.Publishers Weekly, Starred In his seventh installment (after The Merry Misogynist) Cotterill vividly depicts a Southeast Asia still traumatized by the Vietnam Warthe horrors perpetrated by the Khmer Rouge, the shocking poverty, the rampant corruption, and the steadfast spirit of the people, And Dr. Siri is a one-of-a-kind protagonist rivaled only by Eliot Pattisons Shan Tao Yung. Highly recommended for series fans and readers who enjoy international mysteries.Library Journal, Starred Dr. Siri, his friends and colleagues are charming, and the puzzle is intriguing.The Free Lance-StarKurzbeschreibungAs usual, all is abnormal in Dr Siri Paiboun's morgue. The good doctor and his team are investigating the case of the Three Epes: three women skewered by a sword through the heart. A culprit has been apprehended, tried and sentenced to death. But Siri isn't sure they have the right man.Unfortunately, the number one (and only) coroner of Laos isn't in a position to help anyone - not even himself. As his birthday dawns, Siri finds himself incarcerated and staring starvation and torture in the face. As usual, his curiosity is to blame for his predicament, but this time it looks as though his inquisitiveness could be the end of him
