review for books 1+2 Sunny was born on St. Bart's. That was almost 23 years ago. After moving all over the world for her Dad's job she's now back on the beautiful island to bury her father's ashes. It was his last wish to be laid to rest with his beloved wife. And she's back on St. Bart's to finally start her own, grown-up life. She plans on building and then renting out vacation villas to all the ber-rich and sometimes famous tourists. She's extremely busy with her renovations and the plans for the villas and jobbing in a restaurant - cooking is one of her greatest pleasures! Then she's offered a job as a translator for a movie that's being filmed on the island. That's when we meet Sven Larsen - he's on his way to become a big name in Hollywood. And he really needs to make it, because he's not getting any younger - he's in his mid-thirties already. This movie could be really good for his career. Little did he know that the island would also bring him Sunny. He's totally charmed by her innocence, her joy for life, her 'naturalness'. And Sunny - she finally knows what she wants. She's always had journals full of plans and to-do lists (she's a list-a-holic!) - and on one of her lists it says: Have Sex! Her Dad had always sheltered her way too much - she never had a real social life. But now's her time. That's why she asks Sven to be her sexual mentor. It takes a while for Sven to get over the shock of hearing this innocently asked question - but he just can't do it. He doesn't want to 'destroy' the innocence of someone who's so beautiful - inside and out. But - of course - his oath to keep away from her doesn't keep her away from him, and he finally gives in. And thus start some very sexy and romantic sexual lessons. And for Sven those lessons are very frustrating! He wants to go really slow with her... That's where his very unlikable Co-Star Eden comes into the picture. He needs to have sex with someone other than his sweet innocent student! Eden is not the only person who wants Sven to get somewhere in Hollywood. There's also his best friend Clyde. He can't understand what Sven sees in this island whore - as he calls her. Then there's a whole bunch of other great co-stars in the book. Mimi - who becomes her best friend - she knew Sunny's parents. Mimi's lover, Restaurant-owner Philippe. Ivan - the sleazy russian movie producer - he has his own reasons for wanting Sunny to work at the movie set. The moody russian Director Mikhail. Then there's Sunny's family doctor - the police captain - a few stray dogs etc. etc. Lots of things happen in these books and I really mean LOTS of ... funny things - romantic things - sexy very hot things - moving things - sad things - heartbreakingly sad things Will Sunny Sven make it? Will they get their HEA? Or will everybody die at the end? Will there be a Cliffhanger???? I'm not telling you of course Ok - I might tell you that, since there will be a few more books about Sunny Sven, there will be much more to tell - BUT there's no Cliffhanger really - The series could be over now - it could be a stand-alone Romance and we could live with it - BUT we'll get more

YAYYYYY _____ I REALLY LOOOVED READING THE BOOKS!!! A book that makes me cry in the first chapter can only be awesome!!! and it really was! It was Emme's first book - she previously only wrote short, unromantic stuff for Radio News etc. And for a first-time Romance - it was really amazing!!!! Hm, even if it had been her 15th book it would've been amazing You might think it starts out a bit... bleh... boring - uninteresting. And it really does - a tiny little bit maybe.... It's really cute and moving and interesting in the beginning - we learn a lot about all of the characters and especially about the Island, but the REAL interesting story starts a tiny little bit later. You won't be able to put the books down. You NEED to know what will happen. It's like a Hitchcock/Stephen King-movie - you sit there with your little reader-heart pounding like crazy! Ugh it was so amazing! We only have SEX of course - really sweet and innocent and HOT sex! Sven is so adorably patient with Sunny! He's had it with this stupid Hollywood lifestyle of parties, sex, drugs, sex, alcohol etc. He wants... "Something real. Something permanent." Then we have all the jealous and greedy and unlikable side characters with their schemes... Then there's suspense!!!! There are many parts of the book where I SOOOO wanted to do this to a few characters - including Sven! I really liked Emme's writing style. I felt like I was right there on St. Bart's with them. Like I was an extra in the movie production and got to eavesdrop on everything that happened And the idea of writing a book about this beautiful island - PERFECT! It was so totally different from all the other books we're always reading. No New York, LA, Seattle, London St. Bart's!!! I sooo wanna go there now!!!! (OK, that's not totally true - we WILL go to LA Norway etc. but we're on St. Bart's most of the time!!) OK, that's it!! I'm not telling you any more about the story - I don't want to spoil too much and your already weak heart might not like it when I tell you that Ms Cross is not a fan of HEAs!!! Hehe Please go and buy the books - you won't regret it - you will fall in love with Sunny, Sven St. Bart's just like I did! and now please Emme - GIVE. ME. MORE!!!! I NEEEEED to read what will happen to Sunny Sven next!
