Von Ana Castillo : Loverboys before purchasing it in order to gage whether or not it would be worth my time, and all praised Loverboys:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A box of delights, to suit many different tastesVon Catriona Esquibell recommend the stories highly. Think of them as a box of Turkish Delight: best savored one piece at a time. Eat the whole box in one sitting and you're liable to make yourself sick. Read them singly, with breaks in between, and you'll appreciate each story for its own wit, charm, chutzpah. You

may not love every story, but you'll definitely find that one or two sticks with you. My personal favorite is "Crawfish Love," whose protagonist has the knack of reading a woman's shoe size at a glance. We see how upward mobility can make you overlook what's most important. Castillo demonstrates her command over both the art and the craft of writing. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Boring, boring, boring. Von Ein Kunde The stories are as lifeless as the prose. What a disappointment.

Kurzbeschreibung Seductive ... full of infectious vigor ... these stories demand, above all, to be listened to. New York Times Book From Ana Castillo, the widely praised author of *So Far from God* and *The Guardians*, comes this collection of stories on the experience of love in all its myriad configurations. Infectiously moody and murderously comic, Castillo chronicles the rapturous beginnings, melancholy middles, and bittersweet endings of modern romance between men and women, men and men, and women and women. deA collection of short stories about the seductive, vibrant, often defiant lives of lovers, not all of them boys. In "La Ronde," women fall for women, for men, for both, and explore the complex extension of this love in their own families. In "Vatolandia," an independent-minded woman creates a critical system in which to classify the men she dates. And in the title story a woman muses at the hypocrisy of life while mourning the departure of her latest boyfriend over drinks in a gay bar. Though the women in these stories have their fair share of heartache, they refuse to be victims. As they face their challenges head-on, they unknowingly shape their own destinies.
