**Von Rebecca Milton : Loves, Lives Letters: A Collection of Three Romantic Readers (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Loves, Lives Letters: A Collection of Three Romantic Readers (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Stories themselves between 3-5 stars. Wouldn't recommend to read it all in one go, because that's exhausting.Von E. MaderI got a free copy of this book for an honest review and I was really exited to be chosen to do that but then the short

stories happened. I think the problem was for me, that it only consists of short stories and I like to get into a book and it's storyline and characters. Here you had about 5 seconds to get into it and then it was over again. Most of the short stories in themselves were pretty good (between 3 and 5 stars) but to read one after another was exhausting. You will get a short opinion on every story in this book, there will be SPOILERS!!! but I will put stars from 1-5 to every title, so you can only look at those. **BOOK ONE - Loves:**-Draw Back Your Bow \*\*\*It started funny and had a nice storyline. The characters were kind of sweet but not extraordinary. SPOILERS! At the turning point of the story with the mess up, confession, realization of love to main character was rather sudden and hasty. Epilogue was predictable.-A Lifetime Guarantee \*\*\*\*Sweet story of fate, coincidence and how life works sometimes.-The Usual \*\*\*\*Nice and sweet story about a workaholic who lives a monotonous life and how to break the habit.-Come Back...To Me \*\*\*Sad but kind of sweet story about love between two people in different social classes.-God Distracted \*Nice read till it gets stupid in the middle and doesn't really change till the end. SPOILERS!!! I'm not a religious person in any way and I was okay with the signs and whispers but that changed when people started to float in the air for no apparent reason. If he would have died or almost died and his body would have been somewhere (e.g. hospital) then I would have found it okay if he floated around and was trying to find himself and love at the same time.-Hollow \*\*\*\*I liked that story. Life lesson learned! =)-A Journey Back to Self \*\*\*\*Really good story. SPOILERS!!! Shouldn't have ended. There didn't have to be a HEA but it would have been nice to see the path how they found each other again and maybe proved Harry's innocence.-Not A Younger Man \*\*\*Maybe it was the late hour when I read it but I found it a little confusing.-Room 417 \*\*\*\*\*Even if it started tragically, this story was the best so far.-Sandwich Guy \*\*\*\*\*This is an incredible story, I like it a lot and learned to look at things differently, but maybe not to this extent.-The Water Diet The Unseen Look \*\*\*\*\*Best story of Book One. Story was great, characters I could relate to and couldn't have predicted the ending because I always had the feeling it would continue and go in a different way till he told her his reason. **BOOK TWO - Lives:**-A Valentine's Dance \*\*\*All in all a funny story.-A Dowry Of Steel and Blood \*\*I don't really like stories from old centuries, but that's my personal opinion, It was well written, funny and sad.-Maker Of Peace \*\*\*\*It was a really good story and I didn't think it would turn out this way (which is a little bit extreme in my book). Everything I would want to write about the story's twist would be negative and I don't want that because it is a really good story.-A Kiss Ain't Just A Kiss \*\*\*Just kind of funny, nothing more, nothing less.-Down by the Sea \*\*The first few pages had too many unnecessary details. When the story finally began it just got weird. SPOILERS!!! She never really mentions why she wanted her sister dead. You can only think of jealousy, but why would she be jealous? What did her sister do? It would have been better if the first few pages consisted of the dynamic between the sisters and not a description of the surroundings.-The Interview \*\*It was okay. Got kind of hot in the middle and then they left the building. The End-To Be Seen \*\*\*\*It's a sweet story. To be continued...
