**Von Danielle Steel : Loving (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Loving (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Not my

favorite Steel book... Von Ein Kunde I found this book tiresome at times. I have a hard time believing that a woman could have so little control over her own life. This woman seemed as though she could not live without a man. She made one bad decision after another. I usually find things to relate to in Steel's books, but this one was a different story. If this had been the first Steel book I ever read, it would have also been the last!

Kurzbeschreibung Bettina Daniels has it all. Pampered, adored and adorable, she has youth, beauty and the most glamorous of lifestyles. Everything her father's love, fame and money can buy. Then, without warning, her father is gone. Bettina is left with a mountain of debts and no one to pick up the pieces. Lost and lonely in a difficult new life, Bettina must learn to take her own chances. But can she resist the promises of strangers . . . however tempting they might be? In this reprinting of Danielle Steel's novel *Loving*, Bettina Daniels is the pampered but underappreciated daughter of a famous author who dies and leaves her penniless. With nothing but her social skills and a fragile dream of writing a play, Bettina follows her heart into some of the potholes of life and loving. This coming-of-age story has all the basic ingredients of a standard Danielle Steel romance: wealthy men, beautiful but naive women, and the flying sparks that result when these characters mingle. Bettina Daniels faces ill-fated choices with an alarming regularity that will keep the readers flipping the pages. Drop out of school? Care for an Electra complex? How about a rebound marriage? Bettina makes all the wrong decisions with the right amount of good intentions. It's hard not to be drawn into Steel's world of dramatic denouements. --Nancy R.E. O'Brien.com In this reprinting of Danielle Steel's novel *Loving*, Bettina Daniels is the pampered but underappreciated daughter of a famous author who dies and leaves her penniless.
