Von Linda Howard : Loving Evangeline (Silhouette Romantic Suspense Bestselling Author) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Loving Evangeline (Silhouette Romantic Suspense Bestselling Author):

KundenrezensionenHilfreichste Kundenrezensionen9 von 10 Kunden fanden die folgende Rezension hilfreich. More like "Laying Evangeline"Von Ein KundeThis book was a gift from my secret pal, so I didn't waste my own money on it, thank goodness. After the first few "love scenes", I began to skip over those and go on with the intrigue story,and I finally just skimmed to the end to find out how it ended. I just couldn't stomach the male character's obnoxious, repulsive behavior. I don't know too many women who would fall for a man who started calling her "sweetheart" and groping her immediately upon meeting her. Every time the "heroine" (who the author seemed to want us to think was strong and independent) turned into a love zombie in the presence of the "hero", I gagged. The whole relationship made my skin crawl, and it didn't seem like a realistic romance between a man and a woman of the 90s. A couple of the "love scenes" seemed awfully close to rape, and that turned me off even more. I like a heroine with some backbone, and although this one started out with a bit of one, by the end of the story she had become a spineless baby-making machine for Mr. Macho.Are you sure "Linda Howard" isn't a pseudonym for some male writer? Sure sounds like a male fantasy to me!2 von 2 Kunden fanden die folgende Rezension hilfreich. Didn't like it as much as I thoughtVon Ein KundeI find that I did not enjoy this book as much. The heroine was too weak and the hero overpowering. LH earlier books seem to have this common theme of dependent women which drives me crazy. It's hard to read through this whole book and not cringe when the heroine does not stick up for herself. I much prefer reading Howard's new books with heroines who are spunky and confident.0 von 0 Kunden fanden die folgende Rezension hilfreich. Very disappointing after "Duncan's Bride"Von Ein KundeOf all of Linda Howard's early, often dated, novels, "Duncan's Bride" is a favorite, so I was disappointed with the story of Maddy's brother Robert, who makes a definite impression in the first book. Yes, Robert's your typical Linda Howard alpha male hero and Evie is a sweet honorable woman in her own right, but somehow I felt there was something lacking in their relationship and this just made the illogical plot points more glaring. The story was just too contrived to be believable -- Evie a traitorous spy?! This made Robert seem none too bright. I find that I enjoy Linda Howard's books more when the heroines are just as strong as their men; otherwise they seem too dominated for a 90s story. Unfortunately, the repackaging and reissuing of LH's old books that disguise the fact that they were written in the 80s do a great disservice to the dynamic stories she's now producing.

KurzbeschreibungA fanfavorite tale of romance and suspense from New York Times bestselling author Linda Howard There's no doubt that the woman calling herself Evie Shaw is the key to the hightech conspiracy that's threatening Robert Cannons computer companyand he means to take her down personally. But trailing her into the heart of a long, hot Southern summer, he finds himself questioning everything he thought he knew. Can she really be innocent? Or are Robert's feelings clouding his judgment when it comes to the woman who has to be guilty as sin? Previously Published.KurzbeschreibungA fanfavorite tale of romance and suspense from New York Times bestselling author Linda Howard There's no doubt that the woman calling herself Evie Shaw is the key to the hightech conspiracy that's threatening Robert Cannons computer companyand he means to take her down personally.
