Von Bobby Hutchinson : Loving The Doctor, Box Set One (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Loving The Doctor, Box Set One (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. surprisingly goodVon LauraI didn't expext much from this box set and was surprised when I actually really enjoyed the stories - and by "really enjoyed" I mean "I didn't just stick with it to pass time like you would with a tv show that's not good but also not bad enough to NOT just keep watching it because finding something else to watch would be too much efford (I can't be the only one who does that, right?!). I hadn't read anything by Hutchinson before but I definitely will in the future. Box Set 2 is already on my kindle reading list :).
