Von Carrie Vaughn : Low Midnight (Kitty Norville) before purchasing it in order to gage whether or not it would be worth my time, and all praised Low Midnight (Kitty Norville):

story, good plot Von Cathy HI it did not exactly rock my boat. But it was a solid story with a good plot. Some action, although the suspense didn't kill me. Told from the perspective of Cormac and Amelia, it had very little Kitty in it, not a lot of werewolves, but lots of magic. I liked the story told by Cormac, it gave it all a nicely different twist. I would not mind reading more from his side of things.

Kurzbeschreibung Cormac, the Kitty Norville series' most popular supporting character, stars in his first solo adventure. Carrie Vaughn's *Low Midnight* spins out of the series on the wave of popularity surrounding Kitty's most popular supporting character, Cormac Bennett, a two-minded assassin of the paranormal who specializes in killing lycanthropes. In his first solo adventure, Cormac, struggling with a foreign consciousness trapped inside him, investigates a century-old crime in a Colorado mining town which could be the key to translating a mysterious coded diary tome with secrets that could shatter Kitty's world and all who inhabit it. With a framing sequence that features Kitty Norville herself, *Low Midnight* not only pushes the Kitty saga forward, but also illuminates Cormac's past and lays the groundwork for Kitty's future. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Pressestimmen "Vaughn keeps the twists and turns coming in this fast-paced, delightful paranormal mystery."
