**Von Fiona Walker : Lucy Talk (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Lucy Talk (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen6 von 8 Kunden fanden die folgende Rezension hilfreich. This must be one of the best books ever!!!Von annika\_mattheus@web.deWhen I first got the book, I was quite taken aback when I saw that it consisted of nothing but letters.Once I had started reading it though, I was unable to leave it alone for just 5 minutes.It was definitely one of the best books I have ever come across (and I have come across a lot of

books!! Believe me!!)2 von 3 Kunden fanden die folgende Rezension hilfreich. ein witziges buch mit einer liebenswerten heldin. Von Ein Kundedass neueste buch von fiona walker ist ein moderner briefroman. lucy erzht ihrer freundin mo, die sich auf weltreise befindet, aus ihrem (ziemlich chaotischem) leben, neues aus der wg und der arbeit, immer neue verwicklungen mit dem liebenswerten nachbarn, einem attraktiven tierarzt. das buch ist turbulent und witzig, wie man es von f. w. kennt. unglaublich (ja unglaubwrdig) ist jedoch, dass lucy ber ein jahr braucht, um zu bemerken, dass die email wegen einer falschen adresse mo nicht erreichen.5 von 7 Kunden fanden die folgende Rezension hilfreich. Lucy- I'm going to miss you! Von DawnHaensch@aol.comI'm just getting to the end of this book- funny how I strangely wake up every night just to have a read! Lucy is a delightful, scatty brained and good tempered girl -theres a little of Lucy in all of us or at least there should be. Take my word and just read it!

Kurzbeschreibung Meet Lucy Gordon, the sweet, scatty, irresistible heroine of Fiona Walker's delicious new novel. Lucy lives in a Berkshire village with her two friends, Jane and Bella, and works in the marketing department of Widgetex Computers. Her boss - Slave Driver - is a constant bane; her family are lovable eccentrics; her boyfriend, the dishy but fickle Greg, takes shameless advantage of her (Lucy is too good hearted to notice). Throughout two action-packed, fun-filled, disaster-strewn years, Lucy charts an erratic course among this motley crew to her very own happy ending..deThe chorus of praise for earlier books by Fiona Walker has been enthusiastic: her five previous international best-sellers have had critics and readers tingling with pleasure at the brilliant one-liners, whimsical plotting and larger-than-life characters. Of course, this kind of acclaim sets up certain expectations, but Lucy Talk is likely to do just as much for Walker's reputation as the much-acclaimed Between Males. The publishers promote her as the "voice of young, media-aware women", and the format of this book (it's told entirely in e-mails and letters) is absolutely right for her tale. Lucy Gordon, Walker's wacky, beguiling heroine is dealing with a demanding boss (known as Slave Driver), her two critical friends (Jane and Bella) and her family of likeable eccentrics. While everyone tries to draw her attention to the fact that her attractive but fickle boyfriend Greg is taking advantage of her, Lucy's sunny nature blinds her to things that are obvious to everyone else. However, various professional and personal difficulties pitch her into a series of disasters and her equilibrium finally starts to get shaken. Will Walker grant her a happy ending? This is delightful stuff, and while the e-mail novel is no longer such an innovative concept (perhaps it was when Walker started this), it's still brought off very cleverly here. Plus Walker's skill at finding some middle way between the way people really speak and the more witty discourse of the novel is brilliantly deployed: He cooked me dinner--yes! This is a first. Admittedly it was only a boil-in-the-bag curry while we were watching a video, but I think it's a positive development in the relationship. I now have two jumpers, a toothbrush, a jar of moisturiser and a pair of jogging trainers in permanent residence at his flat. Am planning to sneak more items in without his noticing over next few weeks in the hope that it will subliminally trigger a sense of security and commitment in him. He's off to a stag party tonight, but I'm popping round first to help him on with his caveman outfit... --Barry Forshaw Pressestimmen 'Scatty and very funny. This is a hilarious book which will appeal to anyone who regularly misjudges their love life. Great holiday reading.' -- Woman's Way, Dublin 'Walker's more inventive than many of her rivals ... quick wit, sharp tongue and characters you don't want to strangle' -- The Mirror 'Full of wisecracks and one-liners ... the touching ending will leave you feeling a little warm inside, even if it is still pouring outside' -- Newcastle Evening Chronicle 'Another delicious romantic comedy from a deservedly bestselling writer' -- Books Magazine 'this bubbly offering ... is the perfect millennium novel' -- Nuneaton Evening Telegraph 'frothy and fun with a rattling good plot' -- Oxford Mail 'Likely to do just as much for Fiona Walker's reputation as the much-acclaimed Between Males ... wacky, beguiling heroine ... delightful stuff ... brought off very cleverly here' -- UK 'One of fiction's most endearing heroines.' -- Medway Today
