**Von Jennifer Blake : Luke (Louisiana Gentlemen)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Luke (Louisiana Gentlemen):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Hot, Spicy and SatisfyingVon Ein KundeEvery woman should have a hero like Luke in her life. Failing that, we can at least read his story and pretend, for a moment, that we're the love of his life, his 'final conquest', April Halstead. This is a great read, spiced with hot Southern nights and blended with mystery. April is a writer who uses words as her weapon, but Luke, knowing that mere words will not protect her, places himself in the role of knight, whether she wants him to or not. The resulting friction is steamy and satisfying, as are all novels from the 'Queen of Romantic Fiction', Jennifer Blake.0 von 0 Kunden fanden die folgende Rezension hilfreich. A good readVon Ein KundeIn Turn-Coupe, Louisiana Luke Benedict hears the stalker threatening romance writer April Halstead while she is a guest on a radio show. He

immediately races over to her home, but receives a chilly reception because the twosome has a history together in which he failed her thirteen years ago. April wonders what happened to her secure world. First, her ex-spouse wants to return, a concept she abhors. Then the stalker has assailed her via the Internet, telephone, and mail. Now the worst, Luke, who she still loves, has arrived on the scene. Luke plans to ignore April's wishes that he leaves her alone. Instead, he decides to protect the only person he has ever loved even if he has to kidnap her. However, Luke's intentions fail as April's determined enemy abducts her, leaving it up to him to save his beloved. With *LUKE*, Jennifer Blake demonstrates why she is one of the most highly regarded romance writers of all times. The story line is filled with fried emotions, plenty of action, and a first love that just will not quit, overcoming false pride. The lead characters are warm and charming, though the villains are more cartoonish than real in nature. The award winning Ms. Blake appears to have written another international best seller. Harriet Klausner 1 von 1 Kunden fanden die folgende Rezension hilfreich. A page-turner with a heart of gold! Von Ein Kunde I suspect we all fantasize from time to time about being saved from ourselves. Luke and April are the perfect couple, but life has thrown them a few curves. I was up half the night zipping through this incredible book. Loved the keen glimpses into the life of a real live fiction writer. Jennifer Blake is an accomplished author and has been a personal favorite for many years!

Kurzbeschreibung Luke Benedict figures he's the only one in Turn-Coupe, Louisiana, who can save novelist Aril Halstead from someone intent on revenge. If only he could get April to cooperate. Years ago, Luke had let April down in the worst possible way. She's never been able to forgive him and she still doesn't want anything to do with the man she once loved. But that's not about to stop Luke. He'd never turn his back on a friend especially one whose life is in danger. And if he's got to kidnap a woman who despises him to keep her safe, he will. 'Cause down in Louisiana, this man will do whatever it takes. Pressestimmen "Treachery, blackmail, and greed lace a plot that is made all the more intriguing by Blake's trademark overlay of sultry, deep-South charm". -- Library Journal Kurzbeschreibung Luke Benedict figures he's the only one in Turn-Coupe, Louisiana, who can save novelist Aril Halstead from someone intent on revenge.
