A good sequel to 'Wake'Von Sprenger RalfI only recently read Wake and therefore I was very curious as to how A. Hocking was going to continue this story.I showed the two sides: Gemma and Harper and how they deal with the situation.Gemma's struggle with being an siren was very well written(her moral conciousness and the degradation of

her body because she refuses to feed.) and how it all resolved (until now at least) It was also interesting to find out more about the group of sirens and to learn more about their nature and the group dynamic. We read very little on Thea in Wake but she deals with her nature better than Penn and Lexi, as in on a moral basis that reminds me of Dexter. Harper and Gemma have a strong sisterly bond and Harper's protective habit is preventing her to think about her own happiness. I was also nice to read about her friendship with Alex, especially now that Gemma is such a central topic. And don't forget Daniel in the mix ;-). Anyway I cannot wait for the next and final book of this series. Lullaby indeed lead to a promising sequel. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ich kann den 3. Band kaum erwarten Von Samwest Inhalt: Gemma, die am Ende des ersten Bandes gezwungen war die Sirenen zu begleiten, versucht nun alles um herauszufinden, wie man den Fluch brechen oder die Sirenen tten kann. Thea scheint ihr zu vertrauen und gibt nun einiges an Informationen preis. Doch leider ist das noch nicht genug. Whrenddessen sind Harper, Alex und Daniel verzweifelt auf der Suche nach Gemma und ebenfalls auf der Suche nach Informationen, die helfen knnten den Fluch zu brechen. Meine Meinung: Grandios! Amanda Hocking schreibt einfach wunderbar. Die Charaktere sind toll herausgearbeitet und die Gefhle sehr schn geschildert. Durch den tollen Schreibstil lassen sich ihre Bcher immer so einfach mal eben weg lesen. Man muss dann auch einfach wissen, wie es weiter geht, denn die Geschichte zieht den Leser unheimlich schnell in ihren Bann.

Kurzbeschreibung Gemma had to disappear with Penn, Lexi and Thea after a night of incredible violence on the island. She can still barely come to terms with her new affinity with the ocean and the siren powers that go with it. Now shes been transformed, Gemma has no choice but to leave all she loves behind. She swears she wont lose her humanity, but the call of the sea is maddening and compulsive. Harper wont give up on her missing sister. The search draws her closer than shed like to bohemian Daniel, but she could really use his help. Theyd almost given up, until a small news item tells of a horrific murder in a nearby beach town, and Harper thinks shes found the deadly group. But can Gemmas curse be reversed and what if she doesnt want to come home?
