This is the first book I have read of Monica La Porta. She puts a different spin on the paranormal world. I love it when an author lets their imagination go wild. This book shows so much creativity.Lupo had a hard life, all the way from the time he was born on up into adulthood. His mother died at child birth and he was put in foster care. His father had no idea he had a son. The only life Lupo knew

was foster care, then gang, then prison. It truly seemed life was not giving him a break. Lupo was in prison for the death of his true mate. He had mated with a purist which meant his heart would never belong to another. Lupo spent his time in prison feeling that he deserved where he was at. The one thing he did look forward to was his fathers visits I thought it was cool that Lupo who was a wolf shifter had a father that was an Archangel. I just loved Lupos fathers. Yes fathers. They were both Archangels and loved him so dearly. I almost believe they would of done anything to get him out of prison. And even though Lupos mother was dead he had Camelia who was like a mother to him. One thing that kept Lupo sane in prison was he got to talk to his dead mate Jasmine. He spoke to her mentally all the time. Though he knew she was dead he could not help but enjoy those times. There are a few surprises after Lupo is released. He also finds himself in danger. While he was in prison he knew someone was wanting him beat up or killed, now he knows that the threat was coming from the outside. I have to say this is a very heartfelt story. Trust me when I say you will want to know how it ends. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great read Von Kindle Customer Sandy Every book in the series is awesome. The story's never gets boring and you never know what will happen next! When the book ends you can't wait for the next. I hope there tons of books still left in this series. I will really be sad when it does end.
