okay Von Reni Rothaar Um es auf den Punkt zu bringen: Kann man lesen - kann man aber auch sein lassen. Ich tendiere zu Letzterem - weil zu platt und vorhersehbar.

Kurzbeschreibung A collection of five erotic romance short stories. Black Heart: Marvin makes Bella feel in ways no man has ever managed to. Confused, lost but intrigued - she indulges in one of his new kinks, and discovers something surprising in the process. Burnt Coffee: Michael has a crush on a young girl at his local cafe, his obnoxious friend James helps him think up a strategy to approach her - it works a little too well. Dark Alley Romance: Dorian has a crush on a strange woman who works in the tall building by his bus stop. He finally musters up enough courage to approach her, and she surprises him in more ways than one. Kate: Alex has a schoolboy crush on his literary professor, a crush that deepens well into an infatuation. Too intimidated to approach her, he ends up doing something else that puts him into a world of trouble. Into The Woods: Aubrey breaks free of her mothers overprotective grip in the only way she can think of - running through the woods in front of her home at night. She meets an old friend, tucked away in the darkness, and her rebellious streak carries her a little too far. Kurzbeschreibung A collection of five erotic romance short stories.
