No missteps--Atwell writes about likable, quirky characters, seamlessly blending romance, a hunky alpha hero, humor, action, and dastardly villains, while exhibiting a natural story-telling talent rarely found in debut novels. I've got this one on my "keeper" shelf and will be reading anything else Ms. Atwell publishes. Oh, and did I mention the rabbit???1 von 1 Kunden fanden die folgende Rezension hilfreich. Lovely romantic comedy!Von reviewerAmy Atwell has written a wonderful debut novel

where the characters shine because they are...well characters! With enough suspense to keep the pages turning, and enough comedy to keep you smiling, it's no surprise that there's enough romance to make you sigh happily at the end. With twists and turns, and the odd rabbit that keeps popping up, Ms. Atwell has done a wonderful job. A great read!

This smart caper book has romance, humor, unexpected sisters, a con man father who loves all three of his daughters, and a very cute bunny. The writing, the plot, and the characters are all brilliant. I would love to see this as a movie.
