Book 1-The birth of a new enthralling series. I adore series, you get acquainted with the characters, and the characters in this series are exhilarating, sultry, powerful and full of unexpected surprises. This story focuses on: Lyric a sexy, audacious, golden-blond haired beauty and werewolf; Rowan, a sultry, stop your heart gorgeous, alpha ex-soldier and newly turned werewolf. What you'll find in this story; a cast of remarkable, impressive and engaging characters, spectacular story-line, powerful vivid scene descriptions, camaraderie, phenomenal banter, gripping suspense, life-threatening incidents, betrayal, kidnapping, a heroic deed, horrific danger, emotions spiral, skyrocketing, body-tingling heart-pounding sensual romance, and a conclusion that leaves you smiling and wanting more. Lyric and her friends are out for an evening of fun at local club. When she is dragged from the safety of her friends, Rowan comes to her rescue and is bit by a rogue wolf. To save him from becoming the rogue's slave she bites him. The rogue swears death to Lyric upon his departure from the scene of his attempted crime. The MC is on high alert to protect their pack. INCREDIBLE-fantastic start to a new series. Exhilarating and action packed. The cast of characters is animated and certainly praise-worthy. Rowan is a most valiant hero and adapts well to his new life as his devotion for Lyric flourishes. Lyric is fearless and a force to be reckoned with. I relished this story from start to finish a most gratifying read. I also eagerly await the next book in this captivating series. If you dote on shifter romance this is an excellent choice for your library. {I received a copy of this e-book for a completely honest review}. In the world of shifter romance the possibilities are endless and always fascinating. Without reservations I highly recommend this book and the series. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Lyrics Bite Von Ingrid Stephanie Jordan Title: Lyrics Accidental Mate Iron Wolves MC 1 Bite of the Moon Author: Elle Boon Reviewer: Stephanie Jordan Oh my goodness! This being a new series is going to be really good. Of course we all know when the 1st book of the series is good, all the other will be better each time. And I loved this book 1, I mean who wouldn't, when Ms. Boon writes it seems to take you right there with the characters. In the alley being man handled by four big Wolves. What's the chances of you getting away than figuring out you have to stay and help the human who was fighting to help free you. And that's what happened to Lyric Carmichael, she knows how to fight, her Alpha Kellen and his second her brother, Xan made sure that her and Kellen's sister Syn knew how to protect themselves. All of a sudden the human started screaming in pain, they both kept fighting. Rowan Shade was trained in special forces so four guys were nothing to him. Than one wolf bite's his shoulder the pain was excruciating, he still kept fighting, until the wolves took off. The oddest thing was Lyric straddling him and she bite him at the same place the wolf did. There was no pain just the most orgasmic ecstasy he's ever had in his whole life and she climaxed too. Little did he know he was going to become a wolf and her Mate! I was gifted this ARC for an honest and truthful review.
