Von Albert Camus : Lyrical and Critical Essays (Vintage International) before purchasing it in order to gage whether or not it would be worth my time, and all praised Lyrical and Critical Essays (Vintage International):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.

Beautiful and insightfulVon Ein KundeThe language of the book are so well written that you can feel the emotions and spirits permeates from the pages.This book contains a lot of thoughts that are surprisingly simple, yet manage to escape us in the course of everyday life. It is about memories, places, faces and emotions of an ordinary human being with an extraordinary talent for life. " ... there is more love in these awkward pages than in all those that have followed."

(Albert Camus, Preface 1958)0 von 0 Kunden fanden die folgende Rezension hilfreich. An Essential Ground Of Info.Von Ein KundeHere is a compilation of the essays that Camus wrote during the entire span of his career.It is branched into 2 categories, a final chapter dealing more personally with outlooks on life his works.The lyrical section describes in vivid detail the places that have moved altered his life profoundly,eloquently relating how why.It is one of the great literary what-if's if Camus would have done poetry in verse form;judging from the fine,thin nimble prose that impressively illustrates the simultaneous cause effect union bet. the man his nature,he could have been a very good lyric poet,if not a great one.The Critical essays are honest insightful measurements on the correlation bet. the work that he deals with it's relevance to life art.The final section,"Camus On Himself",offer some verifiable insights into the man his personality.This book could serve as a very impt. introduction or supplement to Camus's entire canon;one could feel very refreshed informed after reading it.

KurzbeschreibungEdited by Philip Thody, translated by Ellen Conroy Kennedy."Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."--The New York Times Book "...a new single work for American readers that stands among the very finest."--The NationPressestimmenLyrical And Critical Essays"The literary output of Albert Camus was exceptionally concentrated and well organized, so that each part of it throws light on the other parts....

Here now, for the first time in a complete English translation, we have Camus' three little volumes of essays, plus a selection of his critical comments on literature and on his own place in it. As might be expected, the main interest of these writings is that they illuminate new facets of his usual subject matter."-- John Weightman, The New York Times Book "The work of Albert Camus began to achieve international recognition after World War II, and from then until his death in 1960 no author was a greater articulator of the general reevaluation of human action that took place in the best literature of this period... because those works are so intense, so occupied with the themes of a civilization, it is good to have small, sometimes rough pieces which show a great writer close to the stuff of experience he would later refine and set into parables for an age. For it was his ability to stay near the plain, uncelebrated habits of life that gave Camus' art its peculiar strength and his thought its hard humanity."-- Jack Richardson, Book World"Some of the pieces have been translated individually before, but several of the best have not, and the complete sequence forms what is in effect a new, single work for American readers that stands among his very finest."-- Donald Lazere, The Nation
