Von Francis Guenette : Maelstrom (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Maelstrom (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. A thrilling read! Von Karen O. This book introduces you to a variety of complex characters: some rather harmless, some

greedy and dangerous and some downright evil. With Maelstrom, Francis Guenette has created a thrilling suspense story with local flair. The story comprises a broad variety of believable and pretty complex characters, isolated locations, masterly woven situations and interesting interactions. I had a thrilling time reading Maelstrom - it is a very intriguing read. I was drawn into the story right away, thankfully invisible! It is up to the reader who to trust and who to fear; don't be afraid of changing your take on things along the way! This is for you if you like thrilling suspense with twists and local flair and situations seemingly to real for comfort. A suspenseful book to read again - by a writer with a unique writing style. Recommended!
