Von Karen Robards : Maggy's Child before purchasing it in order to gage whether or not it would be worth my time, and all praised Maggy's Child:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.

Reviewing plot and the relationship of Maggy and Nick. Von Ein Kunde Maggy Forrest used to be known as Maggy Garcia, a girl from the slums. But, that was twelve long years ago, when she was another person, in love with another man. Nick King. Nick was a fantasy man--tall, handsome, and sensitive. Nick was also Maggy's soulmate. When Maggy had grown restless of her life she meets Lyle Forrest. Lyle is full of money and bottomless promises that sweep Maggy off her feet. Instead of living a life of luxury Maggy has learned the real meaning of fear. She would gladly run away from Lyle except for one thing. Her twelve-year-old son David worships the ground Lyle walks on. To add to all of this there is rumor that Nick King is back in town and searching for Maggy. What path will Maggy chose" the one with Lyle her abusive husband who offers her nothing but money, or the one with Nick who is her true soulmate and offers her and David his unconditional love? The relationship of thirty year old Maggy and Nick drive the plot of the whole book. Their past is as riveting as a story of their future might be. Maggy and Nick met in the projects--low budget housing in Portland, Louisiana. When they met Maggy was six and from the moment Nick met her had taken care of her as a sister, and later as a lover. When she had left Nick, he bitter with resentment, getting into increasingly illegal schemes and almost landing behind bars on numerous occasions, Although it has been twelve years since they have seen each other, it seems like it was no more than twelve days. Finally after Nick finds out about Maggy's abuse Maggy goes with Nick to ponder over her future: with or without Nick.0 von 0 Kunden fanden die folgende Rezension hilfreich. Maggie's Child Von kristin sanchez I thoroughly enjoyed this book! If you love to desire love and excitement, this book is for you! Karen did a fabulous job of engaging the reader into the intricacy of the relationships and adventures that take place in Maggie's Child. This book was difficult to put down because you simply need to know what's going to happen next, especially between Maggie and Nick. Karen's vocabulary and descriptions are rich and colorful, which makes the plots and characters come to life. I passed this book onto my mother, who NEVER reads, and she read six chapters in one night and wants to buy all Karen's books. We agree that a night reading about Nick and Maggie is far better than a night watching tv. Enjoy!0 von 0 Kunden fanden die folgende Rezension hilfreich. This is a GREAT romance/suspense book. Von Ein Kunde Do you like romance and suspense, all rolled into one? If you do, then this is the book for you. It is about a mother who runs into her old boyfriend (who also happens to be her sons father, although he doesn't know). Her husband has spent most of their married life abusing her, and poisoning her sons mind against her. Then in walks the old boyfriend and sparks fly. That is where the suspense comes in and where I take off. It is a wonderful read!

Kurzbeschreibung She was Mrs. Lyle Forrest now, the coolly elegant wife of Louisville's most prominent publisher, the slum girl whose dreams -- and nightmares -- came true the night she married the multimillionaire old enough to be her father. For twelve years Maggy played the role of beautiful, devoted wife, the burnished jewel in Lyle's crown, mother of the child he adored. She did it for David, the son who could never know the price she paid to protect him, would never see her scars... Suddenly Maggy's hard-won control shattered when Nick King came back to claim her. It was twelve years since they'd parted, twelve years of fear and loathing at the hands of Lyle Forrest. She couldn't afford to remember the soul-searing passion she'd known so long ago in the arms of the only man she'd ever loved. She must think of David, her son, Lyle's most potent weapon, and not of the man she could never forget, Nick, who's returned to set her free... A riveting novel of love, lust, and savagery in Kentucky's bluegrass country--a spellbinding story of a mother's sacrifice, a dynasty's power, and one man's passion to reclaim the woman who was born to be his. From the Paperback edition. From Booklist Maggy pulled herself out of the gutter and secured a future for herself and her unborn son by marrying Lyle, the golden boy of local society. After ten years, Maggy wishes to leave Lyle, who has tarnished his private image with physical and emotional cruelty, but Lyle refuses to let anyone know that Maggy's child, David, is not his natural son and threatens to take David from Maggy if she leaves him or tells anyone the truth about David's father. While at a nightclub, Maggy encounters her former love and David's father, Nick. Nick's renewed pursuit of Maggy topples her shaky world and shatters Lyle's precarious grip on sanity and his fragile hold on his family. Maggy must make a final decision: will she stay and suffer with Lyle, or will she trust Nick to protect herself and David? Robards' many fans will be delighted with this suspenseful tale of obsession and passion. Melanie Duncan From Kirkus s More paint-by-numbers romance for hard-core genre fans--the latest from the author of One Summer (1992) and Nobody's Angel (1992). Magdalena (aka Maggy) Garcia, a half-Mexican with unaccountably "lily-white" skin and red hair, has been trapped for over a decade in an abusive marriage (she stays, she insists, for the sake of son David). Then her gorgeous girlhood boyfriend, Nick, shows up in town. Maggy tries to fend him off, fearing the reprisals of psychotic--but rich--husband Lyle. But Nick soon realizes that Maggy is being abused, abducts her, and breaks down her defenses. After lots of formulaic sex ("He played her like a virtuoso with a prized violin"), Nick restores Maggy's old "spitfire" spirit. She responds by informing him that David is his son--a heavily foreshadowed disclosure. Nick stalks off, Lyle promptly steals Maggy back, and Nick saves her all over again. Meanwhile, Lyle drives a car over a cliff and tries to take Maggy with him. She survives to experience a brief idyll with David and Nick--until Lyle turns up, like the psycho killer in a B-movie, to kill Maggy and Nick and abduct David. The three survive eerily intact

(Maggy sends David to a psychologist, who ``after one session...pronounced David a `remarkably resilient child"), and unite for the happy end. A heavy-breathing, often redundant, one-note soaper. -- Copyright 1993, Kirkus Associates, LP. All rights reserved.
