Von Ilona Andrews : Magic Bleeds (Kate Daniels) before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Bleeds (Kate Daniels):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sehr gut Von Tina Ich mag alle Buecher aus der Serie, auch dieses. Die Geschichte ist wie immer fluessig geschrieben und

spannend. Das ganze Universum mit den Wellen zwischen Magie und Technik ist eine sehr schoene Idee, die ganz neuen Aspekte in die Fanatasy-Welt einbringen. Freue mich schon auf den 5ten Teil. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The best book of the Kate Daniels series! Von Mina Warning: this is the fourth book in the Kate Daniels-series and since there is an overall story arc, it's not possible to review this installment without spoiling events in the first three books. If you haven't read the previous books, you should stop here and start at the beginning, "Magic Bites". It's worth it. Synopsis [from ilona-andrews.com] Kate Daniels works for the Order of the Knights of Merciful Aid, officially as a liaison with the mercenary guild. Unofficially, she cleans up the paranormal problems no one else wants to handle especially if they involve Atlantas shapeshifting community. When shes called in to investigate a fight at the Steel Horse, a bar midway between the territories of the shapeshifters and the necromancers, Kate quickly discovers theres a new player in town. One whos been around for thousands of years and rode to war at the side of Kates father. This foe may be too much even for Kate and Curran, the Lord of the Beasts, to handle. Because this time, Kate will be taking on family. Review This time I haven't taken the goodreads.com description, because they spoil a major discovery, particularly who this "family" person is, Kate has to fight against. And since Kate works as an investigator/merc for the Order of the Merciful Aid, the mystery of who and what kills male magical creatures of any kind in such a gruesome way, is a huge part of the fun in this book. Although: in this book it's the relationships that take front seat. Of course there are fights and Kate is as usual the epitome of "the fighter", both with her sword and magically. And I was glued to the pages to find out, who the big enemies are and how, if at all, they can be defeated - but as the prologue shows, where it is described how Kate prepares the famous dinner she has promised to cook for Curran, it's the realtionships that define this book. And I felt her excitement, the betrayal, the disappointment and was rooting for her, when she tackles her fear and takes the big plunge [no, I won't spoil that, it's just to good to read]. But although her and Curran's back and forth were the main reason, I could not lay the book down, it's Kate's other relationships as well that make this book even better than the other ones: her dealings with her boss at the Order of the Merciful Aid who has more than a few predjudices about what makes one "human", her friendship with Andrea that gets rather strained, her fear for Julie and her manifold dealings with the different shapeshifters. Although we always get deep insight into Kate, since the books are told Kates 1st person POV, this time it's Kate who learns a lot about herself and the reader is in for the ride. I've said that before, but with this book, I have to repeat it, since it still stands: there is no UF heroine more fascinating for me than Kate Daniels. She is so many things at once: so powerful, such a fighter, a hero even and at the same time insecure and self-conscious. And carrying so much baggage because of her past, her heritage, her future/fate. All that makes her relatable and my total hero all at once. What I like about all the characters is their authenticity: they do develop, yet are whom and what they are. Kate does her best to be just and do the right thing, at the same time she is a killer and there is no glossing over that fact. Curran, Derek, Jim and the others are shapeshifters, at times furious beasts and they live by a different code than human society does. The mystery is solved in the course of the story and culminates in a huge showdown that does an action movie justice - but what comes after the final fight is even better and even more defining for Kate's future. I reread the book, so I knew what would happen - but I nevertheless had to read the book in one day. It's one of the best books I know in the best UF series today. I'm so glad that there will be nine Kate-Daniels books! 0 von 0 Kunden fanden die folgende Rezension hilfreich. The guy in a cloak Von callisto Kate Daniels hat einen neunten Fall. Sie soll in einer Kneipe namens "Steel Horse" nach dem rechten sehen, denn die Bar liegt an der Grenze zwischen dem Territorium der Formwandler und der Vampire, ein echter Hotspot fr rger. Was sie jedoch bei ihrer Ankunft vorfindet bersteigt auch ihre Erwartungen und Befrchtungen. Unbekannte Magie hat einen Formwandler gettet und mit einer magischen Krankheit infiziert, die droht sich auszubreiten und zu einer Epidemie zu werden. Recherchen ergeben, dass es nicht der erste Fall dieser Art ist und sich hnliche File in anderen Stdten ereignet haben. Ein magischer Massenmorder ist unterwegs, der selbst Sldner, und Polizisten in Angst und Schrecken versetzt und diesen scheinen Blutsbande mit Kate Daniels zu verbinden. Hier nun der vierte Band der Kate Daniels Reihe. Kates und Currans Beziehung entwickelt sich weiter und neben dem aktuellen, sehr gefhrlichen Fall, muss Kate noch andere Probleme lsen. Sie muss sich entscheiden zwischen ihrer Loyallitt den Formwandlern gegenber und ihrem Arbeitgeber. Sie muss entscheiden, ob ihre Beziehung zu Curran es wert ist auch ihr Privatleben aufzugeben, denn Curran zu lieben bedeutet auch, eine Alpha der Formwandler zu werden. Und dann ist da noch das kleine Problem mit Kates etwas unangenehmer Blutsverwandschaft. Dieser Band wartet einerseits mit interessanten Exkursen in die Babylonische Mythologie und in die mittelalterliche Geschichte auf andererseits kommt auch die Persnlichkeitsentwicklung der Charaktere nicht zu kurz. Es gibt Zuwachs im Team: Kates Kapfpudel, der wohl noch fr einige berraschungen sorgen wird. Diesmal wird mehr Wert auf die Vielschichtigkeit der Geschichte gelegt und weniger auf Kampfszenen, was dem Buch definitiv zu gute kommt. Die Geschichte hat Tempo, wenn sie auch teilweise dennoch vorhersehbar bleibt. Es wird recht hufig auf Ereignisse aus vorherigen Bnden zurckgegriffen, diese werden zwar teilweise in einem Nebensatz erklrt, dennoch wrde ich dringend empfehlen keinen Querseinstieg in die Serie zu machen, sondern bei Band 1 zu beginnen, da man sonst den berblick ber die Verschiedenen Handlungen verlieren knnte.
