**Von Dave Duncan : Magic Casement: A Man of His Word Book 1** before purchasing it in order to gage whether or not it would be worth my time, and all praised Magic Casement: A Man of His Word Book 1:

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. One of the REALLY great!Von Peter T. WintersI read Duncan's series a while ago and when I started to re-read them about a week ago I was amazed again by his work. The quality and thrill of reading it hasn't changed a bit over the years. His fantasy world of Pandemia is one of those that stuck in your mind forever. And as a role-play-gamer I find the magic

style of Words of Power the best I've ever heard about. So, there's nothing better than sitting cozily curled up in your armchair near the crackling chimney and reading the books of one of the greatest authors ever. 0 von 0 Kunden fanden die folgende Rezension hilfreich. This book works on multiple levels. Von Ein Kunde This wonderful book, the series it begins, and the second series which follows it, are great books to read if you just want to be swept up in a great story about boy-meets-girl, boy-loses-girl (in cards and spades!) boy-gets-girl. If you like your fantasy built on an original, well-thought-out and carried to its logical conclusion worldview and concept of magic, the set works on that level. If you love great characters lovingly written and described, who you will remember fondly (or not), this is definitely for you. Little Chicken, Sorcerer Ishist, Gathmor, Jalon and the boys - these aren't even the main characters! Also my personal favorite, Princess Kadolan - who starts out as almost a caricature of dotty older princess gone a bit to seed, but becomes so much more. (!) Finally, if you like your fantasy to have a conscience, to speak to issues of classism, racism and sexism, and have something to say about power and corruption, this book and its sequels are a must read! 0 von 0 Kunden fanden die folgende Rezension hilfreich. I love this book!! Von Ein Kunde This was the first real fantasy book I ever read, and it has remained my favorite despite 10 years of reading \*tons\* of other fantasy novels. When I picked up this book I just couldn't put it down! I was fascinated by the world Duncan created and how thoroughly he thought out the social system. I loved the strength of Inos and Aunt Kade. Neither of them is the wilting wait-for-some-man-to-save-me kind of woman. What truly captured me was the love between Rap and Inos. I was 13 at the time I first read this, and the way Rap felt about Inos was the way I wanted to be loved someday. And yet the relationship between Rap and Little Chicken was almost as engrossing. (And scary.) Even those of my friends who didn't really like to read were sucked into this book. I really recommend this story!!!

Kurzbeschreibung A princess and a stableboy? It sounds like the worst sort of hackneyed formula romance. Think again, for A MAN OF HIS WORD may well be the most original fantasy you ever read. The magic is unique and applied in unexpected ways, some of which the late Lester del Rey admitted he had not met in fifty years as writer and editor. The world itself is unique - there are no humans in Pandemia, only imps, elves, gnomes, jotnar, and many more, all of whom you will recognize as "human". In MAGIC CASEMENT the tale begins gently, even slowly, with Inosolan enjoying an idyllic childhood in a tiny backwater kingdom, too carefree and innocent even to understand that the feelings she shares with her friend Rap are more than friendship. Mystery, menace, and the gods appear in short order, and from then on the story grows in scope and power to straddle the world, and adversity thrusts rapid maturity on Rap and Inos. Populated by unforgettable characters - Aunt Kade, Little Chicken, Doctor Sagorn, and many more - Pandemia is an incredible world of credible people and infinite surprises. From Publishers Weekly Inos, daughter and only child of good King Holindarn of Krasnegar, is bored. She longs to go riding and hang out with the servants' children, but imperious old Aunt Kade is determined that the marriageable young princess cultivate a ladylike air and learn the social graces. To further that end, Inos is sent off to the estate of Kinvale, a combination finishing school and matchmaking bureau. There, she is swept off her feet by Sir Andor, a man of uncertain motives whose natural charms have been enhanced by a "word of power." Back in Krasnegar, Rap the stableboy, a childhood friend of Inos's, is exhibiting some magical prowess of his own, not to mention a rush of adolescence. The latter transforms his friendship into an undying love certain to be requited before the series--of which this is the first installment--is over. This is a childish romance wrapped in a thin veneer of fantasy which, despite the presence of sorcerers, imps, goblins and the like, fails to invest a weak story with the slightest bit of real magic. Duncan's works include A Rose-Red City. Copyright 1990 Reed Business Information, Inc. From Library Journal A princess and a stableboy, each with the potential for magic, become embroiled in the politics of a kingdom's succession struggle in an intriguing fantasy by the author of The Seventh Sword (1988). Duncan's unique concept of goblins, fauns, and imps adds a new twist to this imaginative fantasy adventure. Recommended. Copyright 1990 Reed Business Information, Inc.
