Von molly eddy This is an excellent book that leaves you just bursting for more! I am sad to say that I haven't read all of Eddings' books but what I have read is excellent. The 'Belgariad' (the series that this book is part of) has many of the components of other fantasy but they are put together in a way so that they turn out completely and amazingly different. I am an avid fantasy reader and I have found his books to be among the best fantasy I've ever read. Please, as Silk once said, "Trust me." I would really like to see more people my age, 14, reading him. This is definitely a 'must-have' for any library! 1 von 1 Kunden fanden die folgende Rezension hilfreich. My favorite Von Ein Kunde This was my favorite book in The Belgariad. There were the deep parts, of course, but there were also the most funny parts. "A tree fell on him." "Garion," Aunt Pol said crisply, "Please don't try to be creative." I especially liked what happened with Garion burying himself up to his armpits in the Vale of Aldur by complete accident. "Didn't it ever occur to you that if all that weight goes up, something is going to have to go down?" Belgarath turned to Polgara, "It's a good thing he didn't try to throw it." Then the next day, Garion's moving the stone back into place. "Push?" the old man asked incredulously. "You told me to say push" Garion defended himself. "I told you to push. I didn't tell you to say push." Belgarath replied with a haughty air of affronted dignity, "We do have a reputation to maintain. If sorcerers go around saying things like 'push' and 'flop' people are going to take us a lot less seriously." This book rules! Breathe deep seek peace, Tin
