book for children / Guter Einstieg ins Lesen in Englisch Von DoctorWer The plot develops slowly, but is interesting enough to keep you reading. As it is rather short you can easily go through the book in one afternoon (read the first two in half a day actually). The characters are convincing, remain a bit flat, though. The whole story is interesting, because you want to know what happens in the end, but (even at the very end!) the characters never seem to be in any real danger. It is much more comparable to "Charlie Bone" than to "Harry Potter". It's okay if you remember, that it is meant to be a children's book - although I have read better kids books and honestly expected more from the series, given the two authors involved. Fr deutsche Leser: Die Sprache ist angenehm einfach und "schnirkellos", wer Kinder dazu bringen möchte, zum besten auch Bücher in englisch zu lesen ist hiermit definitiv gut bedient. Als Schullektüre würde ich es nicht empfehlen, da die Story für Charakterisierungen und Diskussionen eher weniger hergibt. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Harry Potter trifft Avatar - Altbekanntes in spannender neuer Mischung Von Kittongurlber die The Mortal Instruments-Reihe von Cassandra Clare bin ich auf dieses Buch, das in Zusammenarbeit von Clare und Holly Black entstand, gestoßen. Es ist zugegebenermaßen ein Jugendbuch (ab einem Alter von 12 würde ich es empfehlen), auf Englisch macht es aber auch als Erwachsener Spaß. Das Englisch ist nicht zu anspruchsvoll, ich habe selten einmal ein Wort vom Kindle nachschlagen lassen. Die Geschichte selbst nimmt altbekannte Elemente (Zauberei, Zauberschule, "Kraft der Elemente") auf und gibt ihnen mit der interessanten Hauptfigur Callum Hunt und seinen Freunden einen interessanten Twist. Einen großen Überraschungsmoment hatte ich jedenfalls, den soll aber jeder Leser selbst erleben! Das zweite Buch der Reihe ist schon erschienen, ich warte jedenfalls gespannt auf das dritte (September 2016)! 1 von 1 Kunden fanden die folgende Rezension hilfreich. Disappointing Von Gundi After having read the Mortal Instruments and the Clockwork series from Cassandra Clare, I was extremely disappointed by this book. The author seems to be bored from other fantasy authors and has not found a single original thought.

Kurzbeschreibung From the imaginations of bestselling authors Holly Black and Cassandra Clare comes a heart-stopping plunge into the magical unknown. Think you know magic? Think again. The Magisterium awaits . . . Most people would do anything to get into the Magisterium and pass the Iron Trial. Not Callum Hunt. Call has been told his whole life that he should never trust a magician. And so he tries his best to do his worst but fails at failing. Now he must enter the Magisterium. It's a place that's both sensational and sinister. And Call realizes it has dark ties to his past and a twisty path to his future. The Iron Trial is just the beginning.
