Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. A Must-Read for all the Friends and Lovers of Kimo ... Von Miki101.Micha ... and his world in and about Honolulu, the capital of the beautiful Hawai'ian Islands. 15 stories in Mahu Men make a very good entrance into the world of the openly gay Honolulu homicide detective Kimo Kanapa'aka. From murders over break-ins to his personal pick-ups, and when he is

not surfing the Waikk waves, Kimo has to bring in line his professional and personal lives. And what different lives are those! But also in this libidinous, tropical paradise killers and beaters of homosexuals of every gender are around - like in every other country, too. The stories fill the gaps between Neil Plakcy's Mahu novels, showing Kimo solving brutal murders, but also more of Kimo's private life when dating equals, and then building step by step a relationship with Mike, a Honolulu fire investigator. Plakcy's well-known verbal eroticism together with his thrilling mysteries, Mahu Men is a really good chance for new readers and his long-time fans, too to appreciate Kimo's wits and tricks in these 15 short stories. I have read all the Kimo Kanapa'aka books from the first one Mahu till Natural Predators, and I hope there will follow more! Highly recommendable for open-minded readers who also like a bit of passion in their thrillers books.
