**Von Aaron Elkins : Make No Bones (The Gideon Oliver Mysteries)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Make No Bones (The Gideon Oliver Mysteries):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich.  
Wonderful BookVon Ein KundeI adore mysteries where a man has to figure out what happened with his head rather than his fists. Elkins is a remarkably talented and intelligent individual, and his books about the "Skeleton Dectetive" are charming and fascinating. A lot like how Sherlock Holmes or a Magician, Oliver seems able to pull amazing facts

off of skeletons - and even after he explains how it's done, it's still pretty amazing. With Gideon, John, and Julie - who have become some of my favorite characters - there's more of the action for everyone. An Elkins mystery is always perfect for a rainy day.0 von 0 Kunden fanden die folgende Rezension hilfreich. Very entertaining.Von Ein KundeThis novel is one of the most entertaining novels I have ever read. It keeps you guessing until the last page. Some knowledge in forensic anthropology is helpful but not necessary. Well-written, characters are very well-done. The setting adds to the excitement. Great book0 von 1 Kunden fanden die folgende Rezension hilfreich. One exciting happening after an other!Von Ein KundeAfter, the plot took shape, it was exciting and thrilling. There were interesting facts and good anthropological references.

KurzbeschreibungThere is not much left of the irascible Albert Evan Jasper, dean of American forensic anthropologists, after his demise in a fiery car crash. But in accord with his wishes, his remains a few charred bits of bone are installed in an Oregon museum to create a fascinating if macabre exhibit. All agree that it is a fitting end for a great forensic scientist until what is left of him disappears in the midst of the biannual meeting (a.k.a., the bone bash and weenie roast) of the august WFA the Western Association of Forensic Anthropologists in nearby Bend, Oregon. Like his fellow attendees, Gideon Oliver the Skeleton Detective is baffled. Only the WFA attendees could possibly have made off with the remains, but who in the world would steal something like that? And why? All had an opportunity, but who had a motive? Soon enough, the discovery of another body in a nearby shallow grave will bring to the fore a deeper, more urgent mystery, and when one of the current attendees is found dead in his cabin, all hell breaks loose.
