Von Ann Lister : Make You Mine (The Rock Gods Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Make You Mine (The Rock Gods Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nothing too seriousVon GlckskindIs what Cooper and Jayson want from the beginning. Of course this doesn't last long and they fall in love with each other.I had a hard time finishing this book, not because it was badly written, but because the

first third of the book was somehow slower than the first two ones. After I got over that bump I finished it in a few hours, though. And I wasn't disappointed. I loved how Ann Lister fused the story together with the fact that there are still people out there that see gayness as an illness and fight it with everything that they have. I love how it all played out and that Coop and Jay were strong enough to overcome the obstacles that came their way. Can't wait to read Wheland's story, even though I didn't like him through most of the book in the end he redeemed himself :)

Tolle Fortsetzung in der The Rock Gods-Serie! Cooper and Jayson! Jetzt warte ich gespannt auf Teil 4! Und natürlich trifft man auch die Personen aus den früheren Büchern wieder!

Kurzbeschreibung Cooper Rand is the high-energy drummer for his band Ivory Tower. Everyone is drawn to Cooper; which makes him the go-to party guy for those lucky enough to call him friend. He loves the lifestyle that comes along with being a rock star and feels perfectly suited for the role. He is also a professional when it comes to the hook-up, unwilling to stick around long enough to allow emotions to enter into what he's doing. He's lived his entire life 'in the moment' and it isn't until he meets Jayson that he begins to question the direction of his life and if he's been missing out on something truly special all this time. Jayson Keller has spent most of his life living on the island of Martha's Vineyard working as a builder. Living on a small island also has Jayson working overtime to keep his sexual orientation secret. He has mastered the art of hiding in the closet, but he doesn't want it to be a forever thing. Jayson always said if the right man came along he'd happily leave the safety of his closet and live openly as a gay man. The problem is, living where he does limits his partner options and finding someone worth coming out of that closet for seems an unlikely prospect. A party at Alex Metcalf's island estate brings Cooper and Jayson face-to-face. Lightning strikes hot and fast and suddenly their lives take a whole new path. Has Jayson finally met a man worth leaving his self-imposed closet? Have a couple of hours spent alone with Jayson opened Cooper to the idea there is a deeper meaning to life beyond the stage and the value of a committed relationship? But, a bigoted family and the rock star lifestyle could ruin everything and keep both men searching for what was standing right in front of them: a soul mate.
