KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Fun, sexy readVon KPES74This is the first story I have read by the author. It's novella about sexy, curvy, down on her luck and self esteem Adeline. After catching her boyfriend cheating on her she let's her best friend, Jenna, talk her into becoming her new roommate in San Francisco. Jenna soon shows Adeline the sexy minx that's been hiding beneath her frumpy shell. That and the very hot photographer using the downstairs apartment as his studio turn Adeline's life

upside down. I really enjoyed the story. It was refreshing to see a curvy main character being treated as somebody worthy of being considered sexy, rather than making her feel that she's just lucky to have an attractive man fall in love with her. There is a nice balance between the romance/story and the "smut" parts of the books. I would read more of this author's stories.

Kurzbeschreibung Everything about Adeline's life is depressing, from her dead-end job as a hotel maid to the frumpy clothes she wears to hide the body she's ashamed of. When she walks in on her boyfriend with another woman she's ready to crawl under the covers and cry herself to death. But then her best friend convinces her to move to the big city and take a chance on herself. A successful fashion photographer who's sexy and charming, Heath doesn't have any trouble getting or pleasing women. He's given up on finding that one special girl - until he meets his neighbor's new roommate. From the moment he lays eyes on her he can't think about anything but getting her into bed. Could she be more than a hot hook up? Everything is about to change, but only if Adeline has the courage to let it. This book contains graphic sex scenes and is intended for adult readers.
