Von K.C. Wells : Making it Personal (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Making it Personal (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Actually 2.5 stars...Von Silvia... but alas, it's not possible so I guess I'll settle for 3 stars, if only for the smooth writing and to signal support for indie writers off the trodden romance path.But... this book didn't move me at all and I couldn't really get into the story. It's all too smooth and too easily settled, and a little too stereotyped as well. All the guys are gay

friendly (or if not, they're at least accepting) and the only women who get to raise their voices are mean bitches, scheming and hateful. Still, I could have been OK with that if not for a few more things, such as,- The blowjob at the office, after Blake hired Will, was something a callboy would do, professional, to the point and without reciprocation whatsoever, and Blake's first reaction is to 'compensate' Will for the financial loss he no doubt suffered by missing his original appointment. Odd, that.- Will has obviously poured his heart into the book he has written, they talk about the probability of having it published at quite some length and Blake spends quite some time planning Will's Christmas present, namely handing him an advance copy of his book. But when Christmas comes, we hear nothing about this special gift but a few rather uninspired sentences about Blake having given the copy to Will. I would have expected to read a bigger scene, like Will opening his present, his feelings upon seeing his book in print, and learn more about his decision of not having it published after all.- Blake's father, Justin, is awfully quick in coming to terms with his son's homosexuality. Up to this point, he'd been painted as something of a last-century-tyrant, intimidating, lacking flexibility and refusing to let go - so scary that his 30 year old son has been hiding in the closet for fear of losing everything... and suddenly it's, "but that's alright, son, it's a generation thing", both for his son being gay and also for Trinity publishing m/m stories, something that had seemed to be filling him with scorn up to then. Sorry, but no. Can't buy that.- The sex scenes didn't fog up my glasses. I am not squeamish and I don't mind explicit language and graphic scenes, and it's perfectly alright for the boys to be ripped (although I wonder about Blake who keeps saying he has no private life whatsoever, so when does he find time to work out?) and well-endowed... but again, I'm missing something. There is emotion between the two but I didn't feel it while reading. It's all routinely written but has the emotional impact of a glossy high res photo. A little too perfect to push my buttons. So there. It was a smooth read, too smooth, in fact, and I ended up not caring at all. However, I'm willing to give K.C. Wells another try because she gets all these fantastic reviews and maybe I merely picked the book that was wrong for me. I liked Rick, the office manager, and there's a book about him and it has Rugby in it, too... so that'll be the next one for me to read.

Von wortwelten.blogspot.de
Zusammenfassung: Blake Davis liebt seinen Job. Als Leiter eines aufstrebenden, Londoner Verlages, hat er die Verantwortung für unzählige Mitarbeiter - und natürlich auch für den Erfolg des Verlags. Seit sechs Jahren hat er diesen Job nun schon inne. Sechs Jahre sind seit dem Herzinfarkt seines Vaters vergangen, der diesen zum Rücktritt zwang, und die Blake nun schon darauf wartet, offiziell als Chef des Verlags bekannt gegeben zu werden. Etwas, was seiner Meinung nach nie passieren würde, wenn sein Dad wusste, dass Blake schwul ist. Ein Umstand, den Blake deshalb natürlich um jeden Preis für sich behalten will. Doch als er seinen Geburtstag mit einem attraktiven Escort verbringt und eben jener sich schließlich als der perfekte Kandidat für den Posten von Blakes persönlichem Assistenten entpuppt, wird das Ganze doch ein wenig schwierig ...
Fazit: Der Grund, aus dem ich dieses kleine, feine Buchlein lesen wollte, war der, dass allein die Beschreibung mich total an eine Geschichte erinnert hat, die ich vor Ewigkeiten mal im Internet gelesen habe. Allerdings möchte ich die letzten Endes dann doch ein wenig lieber als diese hier. Denn irgendwie empfand ich die Beziehung von Blake und Will einfach als nicht ausgewogen. Will will immer nur das, was Blake will und all sowas. Ich weiß ja auch nicht. Und das Ende war mir dann auch ein wenig "too much", wie man so schön sagt. Nun ja, lesenswert war die Geschichte dennoch - sie hatte in meinen Augen nur eben ihre Schwächen. Daher ...

Von Sunne
This is one of these story I don't remember much. Did I love it? Probably not otherwise I would remember that. Did I dislike it? Same goes. Okay, I think I liked it but I remember that the father was very different from his son's perception, which was strange, and it had one of these really annoying female bitches in it. So...yeah...I think I give 3 stars.

Kurzbeschreibung Blake Davis is in the closet. And he's going to stay that way. Because if his father finds out he's gay, Blake could lose everything he's worked so hard to achieve during the last six years as CEO of Trinity Publishing, the fastest rising star in the publishing firmament. Not that coming out wouldn't solve a couple of problems. Maybe then his father would stop trying to set him up with yet another empty-headed, social-climbing girlfriend. And better still, Blake could stop using that escort agency when he wants a night of hot sex with a cute guy. Will Parkinson has had a tough life so far, but he's back on his feet. Okay, so he's working as an escort with benefits to pay off his student loans, but that does have its advantages, such as the really hot guy who hired him. Yeah, Blake rocked his world last night several times. So imagine how Will feels when he arrives to be interviewed for his dream job as PA in a publishing company, and the guy who's hiring is... Blake. And then things get really complicated.

And then things get really complicated.ber den Autor und weitere MitwirkendeBorn and raised in the north-west of England, K.C.Wells always loved writing. Words were important. Full stop. However, when childhood gave way to adulthood, the writing ceased, as life got in the way. K.C. discovered erotic fiction in 2009, where the purchase of a mnage storyline led to the startling discovery that reading about men in love was damn hot. In 2012, arriving at a really low point in life led to the desperate need to do something creative. An even bigger discovery waited in the wings writing about men in love was even hotter... K.C. now writes full-time and is loving every minute of her new career. The laptop still has no idea of what hit it... it only knows that it wants a rest, please. And it now has to get used to the idea that where K.C goes, it goes. K.C. can be reached via email (k.c.wells@btinternet.com), on Facebook (<http://www.facebook.com/KCWellsWorld>) or through comments at the K.C.Wells website (www.kcwellsworld.com) K.C. loves to hear from readers.
