Must Read!!!!!!Von Gem Louise Evans (It's All About The Happily Ever After Book Blog)with Malediction by J.D. Lexx, I wasn't sure what to expect but HOLY SMOKES I wasn't expecting this. There is so much I could say, JDs fantastic style of writing is phenomenally lascivious. JD's passion for writing is compelling, passionate and amorous.From page

one I was hooked. This story is intriguing, intense, suspenseful, seductive and impassioned. In other words, right up my alley. This story is so well written, it's just so easy to get lost in the seductive words of JD's books. Each character JD created was adventurous, imaginative and breathtaking. Malediction is just one of those books that will stay with you long after you finish reading it, his exceptional talent definitely shines through. I would recommend this book to anyone who wants a classier erotic tale. Well Done JD another fantastic book

J. D. Lexi hat eine Art, mit Worten, die mir nur blasen kann seine Geschichten mit schönen, Beschreibung und Sinnlichkeit putzt sich mit seinem eleganten Art und Weise entfernt. Ich glaube, dass seine früheren Geschichten in The Crimson Bekenntnisse wie Vorspeisen waren auf die meisten sttigende Mahlzeit fhrt. Er nimmt Sie mit auf diese erstaunliche Reise auf der Suche nach dem schwer fassbaren Valeria. Der beschreibende Art und Weise, J. D. seine Geschichte entfaltet sich nur ... verfhreisch und erfreulich. Der Sex ist erotisch und einfach, sind Sie gezwungen, Ihre Meinung zu verwenden und zu fhlen. Sein Schreibstil ist sehr einzigartig und unverwechselbar, weil es nicht beleidigend ist nur sehr sinnlich ... erfreulich. Dieses Buch war so, wie ich sie in der erotischen Genre gelesen haben, das ist mein erstes Buch war, dass ich von diesem Autor gelesen. Es packte meine Aufmerksamkeit und leite mich Seite fr Seite zu lesen ... hielt meine Aufmerksamkeit gefangen, bis ich fertig war und noch immer hat mich mehr sehnen. Ich ging sofort zurck und haben mehr von J.D lesen, Lexx die Bcher nur zu finden, dass ich zuerst die anderen gelesen haben. Es hat mich einfach realisieren ... ich eine andere Ausrede, diese wieder zu lesen. :)

I have never read anything like this book before. Why? Well lets start by the writing. The writing in this book is intelligent, sensual, descriptive and seductive! Yes, you will fall in love by the way this author writes. I'm not used to read this. I'm used to the current, normal, way authors put into words their stories, but this, this made me think, made me research, made me want to know more! Then the characters. Always mysterious leading you through situations sometimes unthinkable, dangerous, erotic and revealing. You will fall in love with Lexx's mind and Valeria's enigmatic self. All the others through each Confession, show you that is ok to chase your dreams and cravings. It makes you real and live! The eroticism in this book is outstanding. It makes you tremble, crave and will delight you through words you aren't expecting but truly perfect to each occasion. The descriptions of each travelled city, you almost can feel the scents, hear the murmur behind each door, see the colors in each sight. Truly beautiful! I'm really at a loss of words to continue, you need to read this book to understand the magnitude of the words behind it.

Kurzbeschreibung Some devote a lifetime to the endless pursuit of love. Others spend even longer trying to outrun it. Between the shimmering lights of Paris and New Orleans commercialized sin, author J.D. Lexx embarks on his latest hunt. Once content to walk blindly in the light, these days he prowls a different world, one of shadow and sensuality where flesh yields to the probing hungers of fantasy. Driven by painful reminders of opportunity left unseized, he roams, tirelessly seeking the next in a growing collection of Crimson Confessions. Yet these tales of conquest and seduction which have brought such notoriety are merely bait for a more transcendent prey. The one he truly stalks is infinitely more elusive, and lethal in her charms. To win her over, and write the happy ending to this unfinished story, an infamous collector of secrets must now lay his own bare for all to see. Chasing a trail of enticing exploits stretching from Sin City to Prague, every stop leads him back to the beginning and one step closer to her.
