"old Story told again" but not with this book. Every character is unique and in no way an average role in a werewolf story. You will love them the moment they enter the Scene and fall for their charming sexy ways....like Alec does. Running away from his past and the ones he loves to avoid any harm, he ends up in the arms of seductive Luca, leader of the pack. Will Alec finally find his place he so long urged for to be all himself in Luca's pack ? Can he trust Luca? And what about sweet Philip? And don't let me mention that Little cliffhanger..Well, read yourself! You won't regret it. And now I can't wait to read the second book of this trilogy!0 von 0 Kunden fanden die folgende Rezension hilfreich. The poor werewolfVon E.T.Alec is very confused, frightened and shocked when he changes into the "Beast" (at night, near full moon) and his instinct forces him to hunt, kill and eat (deer).So far so good.But the poor guy in not only entirely besides himself the first time ore the second. As reader of this book, you got to experience the same situation, his same feelings and nearly the same thoughts on and on and on.So, after 32% of the book, enough was enough for me.

KurzbeschreibungAlec Ashcroft is afraid. Afraid of himself, the black outs, the hunger, and of what he might be capable of doing. See, Alec is a shifter, a wolf and he doesnt know how to control his extraordinary power. Refusing to put his boyfriend Matt or his family at risk, Alec runs away from everything. He must protect others from his dark side and hopefully find the answers hes been seeking all of his life.The town of Redfern seemed the perfect escape, lots of forest land and animals to hunt, until Alec met Luca. Dark, seductive, sexy, Luca is like Alec and the scent of him drives Alec wild. He shows Alec how to control and use his power to his advantage and soon Luca exerts his allure over him. The two become entwined in a passionate and wild relationship with Luca even inviting him to join his pack high up in the mountains above town. Is this enigmatic new stranger to be trusted or is there something more sinister going on? All Alec wants to believe is that hes finally found someone to calm the Beast Within.Man and the Beast is Book 1 of the Beast Within Trilogy.KurzbeschreibungAlec Ashcroft is afraid.
