Von K. Edwin Fritz : Man Hunt (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Man Hunt (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich.
Frightening and differentVon Jennifer WilliamsK. Edwin Fritz is a great author. The island where this book takes place is incredibly suggestive. The way he writes about all kind of tortures is amazing. And the fight to survive is really attractive.I'm in love with these kind of books. They are never enough for me. But Man Hunt is the best one I've ever read. I loved the feminist touch of this ebook.Fritz' style elegant, his character are full of life and very vivid, the plot is excellent with lots of twists and turns.I felt scary and I found much much more than what I was looking for. This book is different and special and it was a really page turner for me.Highly recommended!0 von 0 Kunden fanden die folgende Rezension hilfreich. Man HuntVon Al-Khemet Book ClubMy first reaction at the end of this book was. What was I just asked to read? A part of me wanted not to read this but that other part said give it a go, a part said you are piled up with books so read something else, and another part said read it now, I listened to that small still voice that always guided me, and I wasnt disappointed! K. Edwin Fritz is an extraordinary writer and one of the best among his peers in this new age.Man Hunt by K. Edwin Fritz is a surprising and satisfying page-turner. It chronicles the lives of criminal men, outcast to society, being trapped on an island out in the middle of nowhere. This was a page-turner of the highest order, thrilling and upsetting. These men meet a fate far worse than prison as they are beaten, tortured, brained washed and then trained only to be forced to survive in the hard knock streets, and women sits on the highest thrones, meaning, they are the law, the order, they are the dominant force in this strange and unusual tale.Experience the heart-pounding thrills of the dark island life in Man Hunt; you will never forget this tale.1 von 1 Kunden fanden die folgende Rezension hilfreich. Loved it!Von LoveToReadI couldn't put this dark horror book down! I was terrorized, hypnotized, and loved it! Right up my alley. Wow! I won't be forgetting some of those intense torture scenes any time soon. I am looking forward to reading more from author K. Edwin Fritz. I was luckily given an Advanced Reader copy so was very pleased, and I highly recommend!

KurzbeschreibungIn the North Pacific Ocean there is an island that has been forgotten by mankind. Living there are men who have committed all manner of moral crimes. Deceived by an elaborate ruse, they wake deep within fortress walls where they are tortured, brainwashed, and then trained to physical perfection. When they are finally released to the island's hills and abandoned streets, they are told one simple rule: Survive long enough and you will be sent home. The island's only other inhabitants are women. In "Man Hunt", survival of the fittest means being literally hunted. It is "Lord of the Flies" meets hard-core feminism, because it tells both sides of the story.KurzbeschreibungIn the North Pacific Ocean there is an island that has been forgotten by mankind. It is "Lord of the Flies" meets hard-core feminism, because it tells both sides of the story.ber den Autor und weitere MitwirkendeKeith Edwin Fritz entered this world on Halloween Day, 1974, the same year Stephen Edwin King published his first novel. Keith prefers to think neither the date nor their middle names were a coincidence. As a pre-teen, Keith used his uniquely apropos 'HallowBirthWeenDay' to monopolize the local trick-or-treating industry. This behavior hasn't changed as an adult, though he no longer brings two bags when he goes. Keith found his love for reading in high school and began writing his own stories in college. As his passion for writing became more serious, he decided upon the pen name of K. Edwin. Initially thinking it simply sounded cooler, today he feels a certain connection to his above-mentioned idol, but more importantly to his grandfather Edwin Fritz, whom he never met and he credits for his creative genes. Today K. Edwin teaches Language Arts to middle schoolers and writes to his heart's content during his "spare time". The best of these moments are nearly always by moonlight. The worst of them are also by moonlight. Keith and his wife, Corina, live in Skillman, NJ where she co-owns a bakery. It seems he is still monopolizing sugary treats.
