KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. crafty tale that keep you on edgeVon Deborah MacgillivrayCarla Cassidy has a light, easy "voice", creating vivid characters and intense plot. "Manhunt" is a strong tale. Nick Mead comes to the Oklahoma town in search of a serial killer. This killer has been killing men, four now. But at the back of his mind is always the hunt for another serial killer called Murphy. Murphy was very dangerous because he came after Nick, following him from case to case. The last time was three years ago, and it resulted in the death of Nick's wife.Nick moves into the town and takes up residence in a Bed and Breakfast run by Alyssa Whitefeather. She is a riddle to Nick, a woman who keeps her distance from him, a woman the children call witch. Alyssa fears the visions that plague her life, but since the sexy FBI agent came, they

are getting worse. She sees visions of Nick and her being lovers - and then she sees herself stabbing him, just like the men who are being killed in her town. And at the back of both of their minds, there is a dark presence of evil haunting their lives. It's a crafty tale that keeps you turning pages.

**Kurzbeschreibung** Something that could help catch a dangerous serial killer. FBI agent Nick Mead had precious little time to convince the troubled Native American beauty that she could trust him with anything and that he would safeguard her no matter the cost. How could Alyssa Whitefeather tell this sexy agent that she'd been making love to him in her mind long before he ever walked into her bed-and-breakfast and asked for a room? How could she tell him that she'd been having visions of the serial killer's next victim? But then, how could she not when instinct told her it was him?
