Von Vernor Vinge : Marooned in Realtime (Peace War) before purchasing it in order to gage whether or not it would be worth my time, and all praised Marooned in Realtime (Peace War):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Neben "Deepness in the Sky" das beste Buch von VingeVon Achim CzaschDies ist ganz klassisch "eines der 5 Bcher, die ich mitnehmen wrde", wenn ich nichts anders mitnehmen drfte.Mit einer Sache hat die vorhergehende Rezension recht: Ja, hier geht es nicht um Wolfsrudel, die per Ultraschall kommunizieren und um denkende Bume, die in Blumentpfen

herumfahren - wie in "Ein Feuer auf der Tiefe" ...Die Geschichte ist unglaublich spannend und klar durchdacht. Im Grunde ist es ein Kriminalroman, der nach der Singularität spielt. Die Schicksale der einzelnen Charaktere sind jedes für sich fesselnd und z.T. sogar ergreifen - der Titel stammt nicht von irgendwo her. Bitte lest euch die Rezensionen der deutschen Ausgabe "Gestrandet in der Realzeit" durch. 0 von 4 Kunden fanden die folgende Rezension hilfreich. Der falsche Roman zum falschen Zeitpunkt Von Heislitz Nachdem ich zwei interstellare SF-Romane von Vinge gelesen hatte, wollte ich mehr. Leider war mir das Werk so langweilig, dass ich nach ein paar Seiten aufgeht habe. Wer die Spider und die Tines mochte, wird hier enttäuscht sein.

Kurzbeschreibung Multiple Hugo Award winner Vernor Vinge takes readers on a fifty-million-year trip to a future where humanity's fate will be decided in a dangerous game of high-tech survival. In this taut thriller, a Hugo finalist for Best Novel, nobody knows why there are only three hundred humans left alive on the Earth fifty million years from now. Opinion is fiercely divided on whether to settle in and plant the seed of mankind anew, or to continue using high-energy stasis fields, or "bobbles," in venturing into the future. When somebody is murdered, it's obvious someone has a secret he or she is willing to kill to preserve. The murder intensifies the rift between the two factions, threatening the survival of the human race. It's up to 21st century detective Wil Brierson, the only cop left in the world, to find the culprit, a diabolical fiend whose lust for power could cause the utter extinction of man. Filled with excitement and adventure, Vinge's tense SF puzzler will satisfy readers with its sense of wonder and engaging characters, one of whom is a murderer with a unique modus operandi. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Pressestimmen "The scope and grandeur of the plot mark this novel as a high point in hard SF creativity. Highly recommended." "Marooned in Realtime combines the expansive mode of hard SF with the narrow focus of the detective story, complete with a final orchestrated showdown. The result is exciting; you can hardly turn the pages fast enough." "Splendid long-range sequel to The Peace War. A marvelous extrapolative tale, to which no summary can do justice, with a gripping blend of high-tech razzle-dazzle and good old-fashioned murder-mystery--all spiced with that unique and awe-inspiring new twist on the time-travel theme. Easily Vinge's best work, and highly recommended."
