Disrupted by the Grim of Murder.Von Al-Khemet Book ClubThe pulse of love is disrupted and it was sad. Kelly deserves happiness, she deserves Mike and I was thrilled they finally got it together but destiny as we all know is a funny thing, and when Jesse winds up dead, our hero Mike and heroine Kelly and "our "adorable dogs

must solve the mystery. Mystery: Its a mystery indeed because who would ever plot to kill someone like ole boy wine legend Jesse??? Jesse is one of those side characters that makes Cedar Bay Cozy Mystery what it is, his character is light, love and presents a different kind of energy to the story and to sacrifice him like that is just heart-breaking but leave it to All-Star and Bestselling author Dianne Harman to play on your emotions. Jesse is sadly missed and the mystery must be solved. Book 4 takes us on a heart-felt journey wrought with peril and one too many suspects and a constant fear for Kelly and Mike and Rebel and Lady. This was such a good read, kept me at the edge of my seat, my blood pounding in my veins and my emotions all over the place until it settles in the end and I closed the chapter on this series until Dianne presents us with Book 5. This is highly recommendable. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fantastic Von Lilian Roberts This is another wonderful novel in the Cedar Bay Cozy Mystery series. Dianne Harman is an amazing author that gives the reader a great gripping story. In book 4 "Marriage Murder" Kelly, the owner of Kelly's Koffee Shop, (another book that I loved,) and Mike, the county sheriff, get married. You will find yourself lost into mystery and suspense instead of following Kelly and Mike on a wonderful honeymoon. Their life begins to unravel quickly into something they never expected. The owner of the wine store is found murdered and Mike is called to resolve the murder. The author does an amazing job in providing a book that will keep you glued to pages and will give the reader an exciting novel from beginning to end. The writing is wonderful and the characters great and very believable. Good job Dianne Harman on another amazing book!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Intriguing Von Dennis Waller I noticed that this latest installment of "Cedar Bay Cozy Mystery" Marriage and Murder was number one in three different categories. And I know the reason why, this is a wonderfully written series with believable characters, a charming setting, an intriguing plot, and a tale of mystery that is entertaining. With this story, Kelly and Mike, town sheriff, finally get married, but their moment of bliss is cut short with the murder of local resident and owner of the wine shop turns up dead, a victim of murder. What transpires is a tale told in a style that is unique to the author, Dianne Harman. What I mean is, with all the good food and incredible recipes in the book, it makes for a experience that is more than just reading a book. This is a jewel of a series and the recipes are top notch, simply the best of both worlds.
