Von Olivia Goldsmith : Marrying Mom (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Marrying Mom (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Good start - lame finishVon Ein KundeI started this book thinking I was really going to like it. The first half was entertaining with some genuinely funny lines. But the last half was so absurd that I was greatly disappointed. Without revealing too much, let's just say that the boundless good fortune of every single character (both major and minor) left me

wondering why the author couldn't have thrown in a dash of reality for a better mix0 von 0 Kunden fanden die folgende Rezension hilfreich. Very funny bookVon Ein KundeI enjoyed this fun little book. A serious reader could be finished with it in a sitting or two. The characters and dialogue are truly entertaining. Another similar book from a few years back is *Murdering Mr. Monty*, I think its by Judith Viorst. Same silly premise. I told my mom about *Operation Geezer Quest* and she couldn't wait to read the book. Imagine your daughter named Susan who changes it to Sigourney, another daughter married to the slob of the century and your gay son in the dirty greeting card business, all with financial troubles. Unfortunately, all the stories turn out way too perfect at the end. There needed to be someone miserable and unhappy, maybe with hope, but miserable just the same, so that we could all identify even more. Thanks for the fun.0 von 0 Kunden fanden die folgende Rezension hilfreich. Insipid.Von Ein KundeThe plot is vapid and predictable, and everyone ends up happy and rich, their problems miraculously solved through convulsive twists of plot concieved perhaps in the fantasy of a 12 year old girl. Perhaps the author ought to write for a target audience of preteens obsessed with brand names. I doubt it would be possible to have mentioned any more hip and expensive designers and brands without charging for advertising space. The supposedly strong women characters have every trouble in their lives solved by marrying wealthy men. Imagine! The dialog is stilted, tacky, and unoriginal. The characters are shallow and irritating. I am embarrassed that I read this all the way through.

KurzbeschreibungFrom the New York Times bestselling author of *THE FIRST WIVES CLUB*.When Phyllis Geronomous decides to relocate from Florida to New York to be very (very) close to her grown children, panic erupts. She's witty, she's decisive, and she's very (very) difficult. The kids decide to take matters into their own hands, and start a search for a generous gentleman of meansregardless of criminal recordto take their mom off of their hands and out of state.PressestimmenPraise for Bestseller: `Goldsmith hands out her characters'rewards and comeuppances like Jane Austen dealing blackjack...
