Ergänzung zu den Spielen - good addition to the original games  
Von GimpIch habe alle relevanten Bücher für die 3 Mass Effect Teile gelesen. Keine große Literatur erwartet, aber ich fand sie alle handwerklich solide geschrieben und als Fan interessant und unterhaltsam!  
Did read all books for the 3 Mass Effect games. Didn't expect big literature, but I found all of them being well written and being a fan interesting and entertaining!

Von Alexander HinzThe story is absolutely brilliant.It's well written and keeps the reader tied to it. It offers a side story to the ME games, but it's worth your time.Retribution is by far the best book of all four.But to understand it you have to read Ascension.

Von DrCarsonBeckett... finde ich. Die Story war gut, auch wenn sich bei gewisse Punkte streiten lässt.Im Ganzen war es aber gut und ist für jeden Mass Effect Fan ein Muss.Das Buch ist im englischen um Welten besser als im deutschen.

Kurzbeschreibung  
Humanity has reached the stars, joining the vast galactic community of alien species. But beyond the fringes of explored space lurk the Reapers, a race of sentient starships bent on harvesting the galaxy's organic species for their own dark purpose.  
The Illusive Man, leader of the pro-human black ops group Cerberus, is one of the few who know the truth about the Reapers. To ensure humanity's survival, he launches a desperate plan to uncover the enemy's strengths and weaknesses by studying someone implanted with modified Reaper technology. He knows the perfect subject for his horrific experiments: former Cerberus operative Paul Grayson, who wrested his daughter from the cabal's control with the help of Ascension project director Kahlee Sanders.  
But when Kahlee learns that Grayson is missing, she turns to the only person she can trust: Alliance war hero Captain David Anderson. Together they set out to find the secret Cerberus facility where Grayson is being held. But they aren't the only ones after him. And time is running out.  
As the experiments continue, the sinister Reaper technology twists Grayson's mind. The insidious whispers grow ever stronger in his head, threatening to take over his very identity and unleash the Reapers on an unsuspecting galaxy.  
This novel is based on a Mature-rated video game.  
From the Paperback edition.
