I however have never read anythin by Maddie Taylor before.So discovering this was nice.So here we have 123 pages of erotic discovery of a

BDSM relationship for a 40 year old woman. Her guide and master: Eric Dupree the master dom of Decadent Club LA. Eric Dupree ist attracted by Valerie Thornton. He wants to teach her, to guide her and to own her.Both characters were very nice to discover, but could have been developped more, especially why they were attracted to each other. The story was hot and exiting. I enjoyed not having to read about a Young girl for once but about more mature heroes.I am curious about the other books.Enjoy the read. MBTM

KurzbeschreibungWhen a mysterious invitation to a new BDSM club arrives in Valerie Thornton's mailbox, she sees it as a fateful intervention. She has long suppressed her desire for a strong man who can nurture her inner-most desires and bring the submissive inside her to life. Now widowed with an empty nest, she's alone, unfulfilled and wondering what she's been missing.Walking into the most exclusive club in LA all alone, Valerie almost loses her nerve, but the testosterone-filled atmosphere is pure temptation. Each dominant man she sees is sexier and more handsome than the last. When she meets intimidating Eric Dupree, the Master Dom takes her breath away. He seems perfect for her and Val knows he could bring her secret fantasies to life. She's ready to throw herself at his feet, but refrains. How could he possibly be interested in a forty-year-old BDSM novice like herself? As managing partner and Rossi CFO, Eric should be thrilled. Club Decadence LA is successful and Rossi is growing by leaps and bounds. But as he approaches middle age, he finds that he needs more than his career and bachelor lifestyle can give him. In walks Valerie Thornton, an innocent to his world. What has brought her to his club, of all places, and why can't he get her out of his mind?KurzbeschreibungWhen a mysterious invitation to a new BDSM club arrives in Valerie Thornton's mailbox, she sees it as a fateful intervention.
