Von Amber Kell : Mate Hunt (Dragon Men Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mate Hunt (Dragon Men Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Could be so much more...Von SilviaThis one is hard to rate because theres so much about it I liked. Ive grown tired of reading about Shifters, but Dragonshifters were new to me and so I snatched it up.The world-building is very good. The characters are interesting and promising. Royal dynasties, jealousy, sibling rivalry, mhm, seems someone loves her Shakespearean drama. Plus I had the pleasure to meet Amber Kell during a small convention in Munich, and shes a

lovely, inspiring, open-minded person whose creativity seems to know no limits. I was excited to pick up this book, and I really really wanted to like it. And I did like it. And I didnt like it. At the same time. This story would benefit greatly from a couple nay, lots more extra chapters. The universe were presented with is so rich Jorys world, Rais kingdom, Vals dukedom, the craftsmen and -women, the main characters, the secondary characters, the religion, the whole mating ceremony/celebration but none of it gets fleshed out so the reader could lose himself or herself. Its like strolling along a delicatessen display with the odd morsel to nibble on, but youre denied the feast. I want to learn more about Tor, Jorys cousin. Whats happening with Lila? And Wesland? What about handsome Z? Will he find his mate, too? And the tailor, Britson? Id like to learn more about Vals and Rais individual backgrounds, and the Dragonkin in general. Theres such an interesting mix of modern technology and medieval rituals. I want to see more. I want to see it all! Instead, Mate Hunt reads like its own abridged version. Like the teaser to a massive 600-700 page fantasy feast that is yet to happen. It leaves me fired up and frustrated. The characters remain one-dimensional and I for once couldnt really warm to them. Jory appears the vain princeling whose political endeavours (undermine human trafficking etc.) seem to equal his fashion kink in terms of priority, and Val and Rai have not much chance to prove theyre anything other than gorgeous, domineering and a teensy bit territorial. Im sure all three are multifaceted men but it just doesnt shine through. Im giving 3 stars for the intricate world-building, for the fluent writing, for the originality but Im subtracting 2 stars for the fact that the author chose the format of a novella that simply cannot tell this story as it should be told.

Kurzbeschreibung Re-release of the same title, if you have the previous version please keep your money. Jorih Eprion didnt know what sort of trouble he could get into when his father sends him to another planet to find a mate. Barely making it into the spaceport he tumbles into a sizzling attraction to a man sitting at the spaceport then falls equally for another man at a bar. Unable to resist either man he sets up a confrontation between two of the most powerful men in the kingdom both who are vying for his hand. Will Jory survive their courtship or will he become a pawn between two men used to getting their own way. Some m/m/m scenes.
