KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Very good reading!Von Detra FitchWhen Aaron Lear learned he was dying of cancer he decided to make his three

daughters learn to stand on their own two feet and face life head on! He began with his oldest, Robin. Robin Lear was the vice president of LTI's Southwest Operations. Since Robin had grown up with money she never thought about how much she spent or where. Expensive brand names were important to her. Taking the company's jet to Paris, France, for an afternoon of shopping was a common event. When Robin found out her father was dying, shock was her first reaction. He had always seemed invincible in her eyes. Robin and Aaron were never close because no matter how hard she tried, Robin could do nothing worthy of her father's respect. Suddenly he was demoting Robin and expected her to learn the business from the bottom ... and like it! Jake Manning was hired by Robin to renovate her newly purchased house. It would take several months for Jake and his small team to complete. Jake believed Robin to be an ice princess. Someone he had to deal with in order to earn the money he so desperately needed to finish his degree. Jake's life had never been easy and he had a few people depending on him. So Jake knew he should do the work quickly and keep away from the tempting Miss Lear. ***** This is the first of a trilogy. It follows the oldest daughter, Robin. Author Julia London excels in Contemporary Romance and this story will show you how much. Full of sassy characters and lots of humor. I could not stop myself from reading. Therefore, I lost a lot of sleep. Excellent! *****

Gutes Buch mit voraussehbarem Ende. Leider keine groen Überraschungen und ein Mann der mal wieder den Rücktritt annimmt ohne zu kämpfen. Das schön geschrieben und vor allem realistisch

Dieses Buch ist usserst langatmig, langweilig und ohne eigentliche Handlung. Habe mich bis zur Hälfte durchgekämpft. Würde dafür keinen Cent ausgeben!

Determined to teach his spoiled daughter one final life lesson, Aaron demotes her from her cushy job in the family business and sends her to work for an insufferable manager. Now, for the first time in her life, Robin will have to earn her place in the world and the sexy new contractor renovating her house may be just the man to show her how.
