You won't want to put it down...Von Danae KelleyConnie Brockway delivers her best with the third book in the McClairen's Isle Trilogy. "The Ravishing One" is a must read! From the glitter and glamour of 18th century London to the wild and untamed Scottish island know as McClairen's Isle, Ms. Brockway brings us Fia Merrick, daughter of the dispicable Ronald Merrick, Earl of Carr. Introduced in " The Passionate One," and again revisited in " The Reckless One," Ms. Brockway concludes this majestic trilogy with the best novel of them all. Fia Merrick is

raised by her decadent father, Carr, to be nothing more than a high priced whore, or so Thomas Donne aka Thomas McClairen believes. Fia is devastated to learn his low opinion of her, since she fancies herself in love with him at the tender age of fifteen. Fleeing her home, Wanton's Blush, formerly known as Maiden's Blush, Fia hies herself off to London to elope with an aging low-lander Scot. Hoping to inherit his fortune upon his death, Fia is dismayed to learn (after her rather hasty marriage) that he has two heirs, Kay and Cora. When her husband does indeed die, not without some help from Carr of course, Fia is further dismayed to learn that Carr is now the owner of Kay's inheritance and that he has her dancing to his tune to regain it. A tune that Fia has no wish to dance to. Carr wants her to marry into a powerful family, much against Fia's wishes. Without much choice, she sets out to become London's most well known lady, a lady with a somewhat tarnished background known throughout society as "The Black Diamond". When Thomas Donne/McClairen sets eyes upon the lovely Fia Merrick after six years, he is dead set against her, blaming her for the many sins of her father, for she is his daughter after all. When his dear friend and business partner seemingly falls for her, Thomas knows he must do anything to prevent them from wedding. So he 'abducts' her, or tries to since she is rather willing, and sweeps her off to Scotland. To McClairen's Isle, where he is restoring the ruined Wanton's Blush to her former glory, Maiden's Blush. Much to his surprise, he soon finds that there is more to Fia than meets the eye. And Fia herself must learn to trust in Thomas, no small thing since she has never trusted a soul in her life. With heartwarming scenes and wonderful characters, Ms. Brockway makes you feel as if you have stepped back in time to the handsome rogues and beautiful ladies of old. With a surprise ending (involving Gunna and Carr), and all of the beloved characters from the previous books: Ash, Rhiannon, Raine, Favor, and Gunna, this series is a must read. When I turned the last page, after reading the author's note, I was actually sad that their story had come to an end. I am hopeful, however, that Ms. Brockway will take us once again to McClairen's Isle and back to all of our favorite characters. Thank-you Ms. Brockway, for a wonderful and heartwarming trilogy!

As a little girl, Fia Merrick's mother confronted her father for his betrayal of her clan. The Earl of Carr simply killed his wife, throwing her from a cliff. Avarice being his moral center, Carr killed off two more wealthy spouses. As an adult Fia fled her odious father by running off with an elderly aristocrat. Meanwhile, his daughter has learned one lesson from her sire and the only man she ever loved, Thomas McClairen: trust no one. Thomas returns to England after spending time overseas as an indentured servant due to Carr's tricks. As part of his vengeance, he disguises himself as a Dunne and kidnaps Fia. He takes her to McClairen Isle where he and Fia fall in love. Though he knows Fia is nothing like her public image of a depraved individual, he still cannot stop thinking that she is Carr's daughter.

The third novel in Connie Brockway's McClairen isle trilogy is an exciting historical romance centering on the redemption of two wounded characters through love. The story line is fast-paced as the "quartet" plays out between the two lead characters, her father, and the seeming ghost of her mother. Fans who enjoyed the first two books will not be disappointed with the conclusion while new readers will seek the previous novels.

Von L. Ponder  
The last installment of Connie Brockway's McClairen's Isle trilogy is an exciting, passionate read. While reading this book, Ms. Brockway carried me away, and I visited that Isle, and its fascinating inhabitants--including that villain I love to hate, Lord Carr. While much of the action takes place in London, the last half of this book is back on the "Isle", when Thomas Donne "abducts" Fia, the ravishing one. Thomas and Fia, have a past, present, but will they have a future? Fia is a tormented heroine; she's very much like Ash. Because of her father, she doesn't feel deserving of good things. And Thomas, has an agenda that may make a romance between him and Fia seem impossible. I only put this book down when I had to, and when I finished it. And, I hated the fact that I may have taken my last trip to McClairen's Isle. In the Ravishing One, you get to revisit all the "special" inhabitants--Ash and Rhiannon, Raine and Favor, as well as Gunna and Lord Carr. With it's beautiful scenery, charismatic characters, grand adventure, and beautiful love scenes--this is one special read!
