Von Sarah Goodwin : Me and Mine (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Me and Mine (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Solid read for a good priceVon Sunne"Me and Mine" by Sarah Godwin (a cheap buy) was....compeling despite it took me a bit to get used to it.First it is written in Present. I always need some time to get used to that.Second, the first part of the book is very much based on such strong religious beliefs that I wanted to scream. The whole priest / young man combination was written so heartbreaking and I suffered for them.But the author managed to capture the conflict between the priest and the lover very well and very tasteful. The whole book lives with their emotional fears and their love.

KurzbeschreibungWhen seventeen-year-old Jude Walker confesses to his priest that hes gay, and in fact has an

unhealthy attraction to the priest himself, the last thing he expects is compassion. Father Gray surprises him with his understanding and Jude accepts his offer of help in overcoming his condition. When Sebastian Gray extends an offer of help to a troubled teenager, the last thing he expects is that it is Jude that will save him. Yet Jude steadily breaks through the priests barriers, bringing him out of his self-imposed exile and into the world. As the two find surprising parallels between their lives and obsession gives way to affection, both men begin to understand that their love may cost them their souls. Jude stands to lose his family to the truth of his affections, and Sebastian could fail in his original task; saving Jude, no matter what the cost. Sarah Goodwin is currently undertaking a degree in Creative Writing from Bath Spa University, would love to one day have one of her books published on paper and hates talking about herself in the third person. ed here on Top2Bottom s <http://top2bottomreviews.wordpress.com/2012/07/26/me-and-mine-by-sarah-goodwin/>"Im looking forward to reading more this author. I loved her ability to bring this reader deeply into her lives of her characters and keep the story moving pretty smoothly. If you are looking for an emotional read with amazing and well written characters, this book is definitely for you. Just make sure you dont start reading it before you go to bed, or youll be as sleep deprived as I was! Highly Recommended!"
