Von Raine Thomas : Meant For Her (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Meant For Her (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Never getting enough of Raine's pairings!Von The Book RogueThis is my first venture into the contemporary sports section, and I really enjoyed it. => Not that I had any idea about the baseball terms, but the ups and downs that come with a team are something I love.But of course it's not just the baseball that deserves the credit for being the sorce of good AND evil in this, no, a whole lot of more good came from the photography part. I really, really admire people who can

capture a moment in a picture. Those kinds of people where the saying "A picture tells more than 1000 words" comes true. Sierra with all her intuitive and nursing traits was perfect to get a camera in hand. Not just that either, of course. She was one amazing woman through and through, and can get straight in line with all the other females in Raine Thomas' stories: strong in their own way, determined, powerful in her element, and just the perfect match for their guys. I doubt it will ever cease to amaze me how well Raine can put two souls together. One entirely broken, the other glowing from the inside out, and it always reads like there is no other way for them than to find each other, like... like gravity. The little pushes they get from outside sources are only to shorten the agony, because they would undoubtedly always find their other half. And it's never like some lovesick-puppy story, despite the kind of insta-love feeling underneath. It's always on a reasonable basis -- like Sierra. The intuition of that woman doesn't only count as a 6th, but also as a 7th sense, making her totally entitled for insta-everything. While Sierra was instant, Evan was all about progress, and not all of it painless. He had to sort through some harsh problems, and while he didn't handle everything right, it was the point that he got through. I have to say, on some level this exceeded young/new adult, because it wasn't all about thinking things through and coming up with the right solution, or about learning from mistakes, but about getting through in the first place. It was important in order to portray Evan as a guy totally floating without roots as he was, and he was generally an amazing "project". He's getting some extra points for having to handle a harem (Sierra's 5 female family) all on his own from now on, too. :P Throughout the story, I laughed a lot, I screamed and cursed at points, and I was on the brink of tears. Yap, a trademark Raine Thomas' read. Area Scan: Flow: 5/5 -- Vocab: 4/5 -- Plot: 5/5 -- Heroes: 5/5 -- Sidekicks: 5/5 -- Villains: 5/5 -- Romance: 5/5 -- Drama: 5/5 -- Action: 5/5 -- Suspense: 3.5/5 -- Humor: 4/5 Overall: 5.5/5

Kurzbeschreibung This is a New Adult novel recommended for ages 16+. Photographer Sierra Stratton views the world through a lens all her own. She has an uncanny sense about people, something that often causes her trouble. When she meets the sexy and brooding Evan Dorsey, her intuition tells her he's suffering, and she wants to be the one to help him. Evan isn't open to help from anyone, however. His focus is on his Major League career and making himself as marketable as possible for his upcoming free agency. He plans to ride out the season in Atlanta and then sign with another team, away from the painful memories that haunt him. Someone's eager to send him on his way, too. Between anonymous threats and equipment sabotage, it's clear he's earned himself an enemy along the way. To him, it's one more sign that he's right to move on. But Sierra threatens his conviction. Her contagious smile proves hard to resist, as does her kiss. She tempts him in ways he never anticipated, making him question his plans for the first time. If he's not careful, she might just convince him that he's meant for her.
