KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great and funny readVon Mario G.This is a short story but I enjoyed it a lot, especially that kind of humor. Don't want to say more.

KurzbeschreibungMercury is an angel. Just not a very good one. Never read any of the Mercury books? Start here! Already read one or more of the books? Also OK! There's no wrong way to read this story, unless you're using a spatula and a bowl full of goose feathers.After I wrote my first novel, Mercury Falls, a lot of people said to me, This Mercury is an intriguing character, but you should really write a story explaining his origins.Thats a lie. Nobody ever said that to me. Also, this story doesnt really explain anything. On the other hand, it has oiled-up Greeks and a giant wooden horse, so theres that.Do you like to laugh? Do you like spaghetti? Who doesnt like spaghetti? What is wrong with you? Where was I going with this?Oh! Do you like to laugh? Do you like to read things that cause you to laugh? Then you should read Mercury Begins!KurzbeschreibungMercury is an angel. Just not a very good one. Never read any of the Mercury books? Start here! Already read one or more of the books? Also OK!
