Von Claire Cray : Merrick (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Merrick (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Trotz Vampir absolut herrlich zu lesen! Literatur statt banaler Schmuddelsex.Von CharMad-1908Eine angenehm subtile, dem Geist des historischen Umfelds entsprechende, ungewöhnliche Geschichte, die endlich mal nicht die standardisierten Klischees von sofortigem, unglaublichen Verlangen und spontanem Sex bedient, sondern vor allem das Thema der inneren Zerissenheit widerspiegelt, die einen heteroerzogenen, jungen Mann beflut, wenn er merkt, dass sein Krper auf einen anderen Mann anspringt. Besonders niedlich sind Merricks medizinisch absolut zu rechtfertigende Massagen, die William vllig um den Verstand bringen, weil er sich dafr schmt so unangemessen darauf zu reagieren. Dabei war von Merrick nichts anderes beabsichtigt ... :-))Nachdem ich mir mehrere Kapitel lang die Ngel abgekaut habe, und genau wie William rtsete was Merrick fr ein Wesen sein mag, kam die Ernchterung. - Vampir ...

ui ... - man hätte sich nach all der vorigen Kreativität gerne etwas mehr Eigeninitiative und Mut zur Genre-Lücke gewünscht, aber auch wenn ab jenem Punkt ein wenig Erinnerungen an die Werke von Anne Rice aufkamen, waren diese sehr positiv und wiederum angenehm innovativ gelst. So hat Merrick z.B. keine Fangzähne, sondern nur ausgesprochen scharfe Beißer. - Ich kann jedem NUR EMPFEHLEN sich auch den zweiten Band WILLIAM zu holen, denn er klärt sämtliche offene Fragen und beleuchtet vor allem Theos Charakter besser, so dass er nicht mehr wie Lestat jr. überkommt, sondern als dreidimensionales eigenes Geschöpf. - Außerdem fallen bei Merrick endlich die letzten Mauern, sowohl was seine Psyche, als auch sein ständig unterdrücktes Verlangen nach William angeht. Wer auf feinsinnigen, eleganten Humor, Respekt, Ehrfurcht und boshafte Witze (Theo) steht, der findet hier in einer überraschend glaubhaften Charakterdarstellung alles was ihm in den anderen Flach-leg-Banalitäten fehlt, die derzeit auf dem Markt sind. - Darum trotz der Vampir-Sache fünf Sterne! 10 von 0 Kunden fanden die folgende Rezension hilfreich. a bit too much Von E.T. The story is great. In NY in 1799 a young man lands himself in trouble with the law. His punishment is five years as work slave and he's sent to Maine to an apothecarian who's looking for an apprentice. That would have been good enough to fill the story, so why did the author feel the necessity to throw supernaturals and vampires in the mix? Bloodsuckers sell? Not with me.

Kurzbeschreibung New York, 1799: the future looks bright for the charming young book dealer William Lacy, until a raucous night of drinking lands him in shackles. He narrowly avoids the brutal prison system thanks to his mother, who negotiates with the judge to secure him a five year apprenticeship in lieu of a prison sentence. And so William finds himself in a carriage bound for the remote woods upstate, where he'll spend the next years of his life learning a new trade under some old master. When he first sees Merrick, William thinks he's been dropped into a medieval horror story. Tall and gruff, dressed in a hooded robe that completely conceals his features, and riding a black mare, Merrick might as well be the Grim Reaper. But appearances are deceiving. An uncannily skilled apothecary and healer, Merrick proves to be a generous host and a gentle teacher, and William soon finds himself surprisingly comfortable in his new surroundings. Yet troubling mysteries abound: Why does Merrick never show his face or hands? Why do his movements seem so young and sure beneath his robes? What lies within the cave behind the stone cottage? Something unnatural is afoot. But most alarming by far is William's own reaction to his new master. For Merrick's strange charms are bewitching enough by day; but by night, in the darkness of the room and the bed they share, William finds himself entirely overwhelmed by desires he never imagined... More by Claire Cray: William (A Sequel to Merrick) The Hidden Talents Trilogy Backwoods Beast (short story) Thirsting For More (short story) Kurzbeschreibung New York, 1799: the future looks bright for the charming young book dealer William Lacy, until a raucous night of drinking lands him in shackles.
