A melodrama to the extreem...Von fdoamericaMessage in a Bottle lacks the emotional power that Sparks enerated in his excellent novel, The Notebook. Meager character development, the lack of crisis and tedium makes this 288 pages

book like going sailing without wind - listless and boring. The exchange between the key characters is often insipid ("you were kinda quite tonight" she said. "I guess I didn't have much to say." He said. She took his hand, "I am glad you were with me." "Yea" he said.") and the trite dialogue between these two lovers often make you wince. The melodrama begins with a mid-aged, lonely, single mother (Theresa) kicking at the waves along the shores of Cape Cod. When, lo and behold, she finds a corked bottle that floats into her life. A bottle that contains a lamenting (and quite pathetic) love letter. He whines and pines over his lost true love, his soul-mate and lost wife - "Catherine". As a budding co-dependent she avidly reads each wailing word, and is deeply touch by Mr. Bottleman. Any man that you would force to read Mr. Bottleman's poetic letter would quickly suspect that it was wrote after the said writer drank the contents of the bottle he was about to use - Cutty Shark. So what is an accomplished, educated and cosmopolitan co-dependant woman to do (the right answer is to throw the bottle and message back into the sea without the cork)? Why, she finds out where Mr. Bottleman lives (Wilmington, NC) and begins her journey of finding this man, a man with emotional depth, the man who can offer her finally, for once, dear God just once, the same kind of love she has to give (folks you are going to need a few bottles yourself to get to the end of this book). Does she find him. Yes! Does she find the deep, self-sacrificing love that only Mr. Bottleman can offer? Of course not - he goes stupid on us and sails into the gail of the decade. Not Recommended. 0 von 0 Kunden fanden die folgende Rezension hilfreich. One of my all-time favorite books Von Melissa J. Mills WOW! What a great book! It is probably my all-time favorite. I can't wait for the movie! The book starts out with Theresa finding a bottle when she is out on a morning run on the beach. She opens the bottle to find a beautiful love letter written from Garrett to Catherine. This letter intrigues her very much and eventually she prints it in the local newspaper so others can see the beautiful letter. Well, the AP picks up the article, and the letter is printed in many papers. Eventually, Theresa gets a call from another lady who had found a bottle with a love letter in it also with the names Garrett and Catherine. Well, this is more than Theresa can bare, and she starts to check if there are any more letters, and she does find one, and we finally find out that Catherine is dead. But, Garrett is very much alive, and from the letters she pieces together clues as to find his whereabouts. She finally finds him in a small town in North Carolina off the coast. He owns a scuba diving shop and his boat is right there by the shop. When Theresa inquires about Garrett, she is told he is down at his boat, the Happenstance, and she goes down there, just wanting to see who this man is. But she can't stop there. Garrett invites her out on his boat that evening and she promptly accepts. Well, a friendship evolves from this and eventually the two fall in love, without her telling him how she first really knew of him. When Garrett comes across one of his letters in her drawers, he becomes very upset, and he goes back home after having gone up to Boston with her. He goes out on his boat for the last time when a bad storm rages and Garrett is killed. It broke my heart--as well as Theresa's. Throughout the book, we watch Theresa and Garrett's love blossom. He has been a widower for three years and she has been divorced for three years--each very hurt. But slowly, they begin to overcome their fears and find that they can once again share their love. But Garrett has a hard time letting go of Catherine, and this hurts Theresa. This was a wonderful book and I hope to read many more books in the future by Mr. Sparks. Melissa J. Mills 0 von 0 Kunden fanden die folgende Rezension hilfreich. Poorly developed characters, plodding dialogue Von M. Robinson After seeing previews for the movie I immediately bought the book. The premise is one that is ripe for telling in today's world of broken relationships, lost loves. The effort to complete the book was monumental. It reads like an outline for a potentially marvelous novel/movie/play, waiting to be fleshed out. Unfortunately, the fleshing never occurs. Also unfortunately, the movie follows the book so closely that the movie, also, fails in its attempt to satisfy. Truly a pity, as Mr. Sparks had the potential to develop a deeply compelling storyline.

Kurzbeschreibung In a moment of desolation on a windswept beach, Garrett bottles his words of undying love for a lost woman, and throws them to the sea. My dearest Catherine, I miss you my darling, as I always do, but today is particularly hard because the ocean has been singing to me, and the song is that of our life together . . . But the bottle is picked up by Theresa, a mother with a shattered past, who feels unaccountably drawn to this lonely man. Who are this couple? What is their story? Beginning a search that will take her to a sunlit coastal town and an unexpected confrontation, it is a tale that resonates with everlasting love and the enduring promise of redemption. de If you thought The Notebook was a tearjerker, get out the hankies, pull up a chair, and get ready to have your heart monkey-wrenched by Nicholas Sparks's second star-crossed love story, Message in a Bottle. When Theresa Osborne takes a much-needed summer holiday at Cape Cod, she finds a lot more than a break from the hustle and bustle. On an early-morning jog along Cape Cod Bay, she comes across a corked bottle with a scrolled-up message inside that reads, "My Dearest Catherine, I miss you, my darling, as I always do, but today is especially hard because the ocean has been singing to me, and the song is that of our life together..." It bobbles around in the same vein for several more paragraphs and ends with "...am alone on the pier and I do not care what others think as I bow my head and cry and cry and cry. Garret." Garret may eat quiche, but no bother--before you can say "Look! I found two more letters!" Theresa is hot on his trail and determined to find this mysterious yet sensitive message-in-a-bottle man. She finds him at a

sleepy North Carolina port, working on his beloved sailboat, The Happenstance. From there, a romance buds and blossoms into a colorful bouquet of emotional baggage. Theresa has problems with her past--or, more accurately, her past is a problem. She is so scarred from her "I'm a super churchgoing guy now that I've run out on my wife" ex-husband that she hasn't tried to date since her divorce some three or four years before. And who is Catherine? And what's Garret's bag, anyway? When Theresa finds out, she plunges to the depths of her soul and uncorks a whopper of a secret about herself, bringing Garret to terms with who he really is. Message in a Bottle has the earmarks of sentimental tongue-wagging at its finest and should please romantics and cynics alike--it's sure to bring romantics to their knees, while cynics will be slapping theirs in laughter. --Rebekah Warren .co.uk
