Von Tanith Lee : Metallic Love (Silver Metal Lover) before purchasing it in order to gage whether or not it would be worth my time, and all praised Metallic Love (Silver Metal Lover):

KundenrezensionenHilfreichste Kundenrezensionen1 von 2 Kunden fanden die folgende Rezension hilfreich. Nicht berzeugendVon Fantasy FanMetallic Love ist so etwas wie die Fortsetzung von Silver Metal Lover und war fr mich

leider genauso rgerlich und unbefriedigend. Wir haben diesmal eine andere Heldin, die nicht dauernd weint und durch ihre Jahre in einem christlich-fundamentalistischen Waisenhaus ziemlich hart im Nehmen geworden ist. Der Silver Metal Lover ist der gleiche, aber nicht derselbe, denn er wurde inzwischen auseinandergenommen und verbessert wieder zusammengebaut. Nicht zuletzt geht es um die Frage: Hat so eine hoch entwickelte Maschine eine Persnlichkeit oder sogar so etwas wie eine Seele und kann oder darf man sie/ihn lieben? Ich finde, diese Frage hat Marge Piercy in ihrem Buch Body of Glass (Er, Sie und Es) um Klassen besser beantwortet. Und ich frage mich, was so begabte Erzhrerinnen wie Juliet Marillier oder Sharon Shinn aus diesem Stoff gemacht htten. Frau Lee konnte mich auf alle Fille nicht berzeugen.

KurzbeschreibungIn her now-classic tale The Silver Metal Lover, award-winning author Tanith Lee told the spellbinding story of Jane and her forbidden love for a robot named Silver. In this stunning follow-up, the legend of their tragic romance lives on. But nothing is as it wasor as it seems.As an orphan growing up in the slums, Loren read her clandestine copy of Janes Story over and over, relishing every word. But Loren is no Jane. Savvy and street-smart, Loren could never be stirred by a man of metal, her passion never ignited by an almost-humaneven one designed for pleasure. Still, when the META corporation does the unthinkable and brings back updated versions of robots pastLoren knows she must see Silver. And just like Jane, it is love at first sight. But Silver is now Verlis. If he was perfection before, he is now like a god. Yet he is more human than his creators thinkor fear. While Loren doesnt quite trust him, she will follow her twice-born lover into a battle to control his own destinyone that will reveal to her the most astonishing illusion of all.From the Paperback edition.Pressestimmen"Like Richard Calder in his Dead Girls or Philip K. Dick in practically his whole canon, Lee explores the sexuality of machinery and the machinery of sexuality: lust, dust and rust."--Washington Post Book WorldKurzbeschreibungIn her now-classic tale The Silver Metal Lover, award-winning author Tanith Lee told the spellbinding story of Jane and her forbidden love for a robot named Silver.
