Von Vicki Hendricks : Miami Purity (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Miami Purity (English Edition):

Vile is a genre - maybe the only oneVon William BartonI read Miami Purity when it first came out and have been waiting patiently for Hendricks' next book. I'm waiting for Iguana Love to arrive in my mailbox now.Writers tell us lies about life because publishers pay them to do so. If you run a search on my name here, you'll see why I think that. Every once in a while, quite possibly by mistake, the filter fails and somebody honest slips through. We've got Vicki Hendricks

among us now, and I hope she lasts a good long while and writes many more books like this one. This is a book that lets you see into a woman's head the way some rare male writers occasionally let you see into the heads of men, without wallpapering the set with fairy tales. The woman in the story will scare you, and she should. Ms. Hendricks, if you read this: Well done! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Revenge at last for all those tough-guy novels! Von Ein Kunde While you might find fault with this zippy and startling book, you cannot afford to miss it if you're the least bit interested in this genre. Tough guys doing the same thing become famous and beloved characters, but it seems this sexy, ballsy female heroine upsets people. Why? Read it and see. No one writes tough-girl dialogue as well as Hendricks. Perversion? Sure...the main character certainly is--she uses people...she uses men as sex objects. I found her unforgettable and the writing equal to any author in this genre. The fact that she repulses so many readers only shows how powerful and unnerving this anti-heroine is.... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Ugh. Von Ein Kunde I found this book for \$3, and I have to say, it could have been better spent. The dialogue is awful, the descriptions boring, and the sex scenes aren't even well-written. Blah blah, Sherri wants to have sex again, you'll get tired of it by the fourth chapter. I read the last 10 pages to friends as they sat and groaned. Parts of it are ok, I suggest if you really want to read it, make sure there's nothing better you could be doing with your time.

Kurzbeschreibung Hot and scrappy Sherri Parlay gives up her life of depravity, and with best intentions, finds a respectable job as a dry cleaner in hopes for a decent future. But nature and nurture plot against her when she meets the beautiful, tortured, and rich young Payne, who tempts her with the love and life she never thought possible. Even Brenda, Paynes domineering mother, cant keep the lovers apart when Sherris animal passions take control. Unfortunately, Payne is not only a different kind of man from those in Sherris past, hes worse than any on her list of sordid affairs. Twisted psychology and a pure heart lead her into the dark realm of disillusionment and crime, where she reaches into her deepest reserves for the strength to survive. This contemporary noir novel is reminiscent of James M. Cains The Postman Always Rings Twice with a heavy dose of sexual realism that Cain might have enjoyed if his times would have allowed. Synopsis Ramona Romano is addicted to adventure but finds scuba diving and body building insufficiently exiting. So she goes on a man hunt. But there's one man who matches her coolness and detachment - Enzo. The strength of her obsession holds her captive, luring her into a world of heroin and murder.
