**Von Olga Yahontova (aka Olga Kharitidi) : Michael Gate (Transformational fiction Book 1) (English Edition)**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised Michael Gate  
(Transformational fiction Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Ein sehr  
tief bewegendes Buch!Von Gaby1801Ein wirklich bewegendes Buch, das die eigene Sicht transformiert. Die Klarheit  
und Przision in der Schilderung innerer Transformationsprozesse ist einzigartig.0 von 0 Kunden fanden die folgende

Rezension hilfreich. this book is for people that dig deeper.....:)) Von birdif you know the other Olga books and like them - this is the mindblowing sequel.....siberian shamanism, psychiatrist gets confronted with the otherworld

**Kurzbeschreibung** A prominent forensic psychiatrist, Dr. Michael Gate works at a maximum security facility for the criminally insane. When he meets a suspect in a high profile case of possible kidnapping and murder named Theodorus, Michael will soon be in for the biggest challenge of his life. Becoming involved with the case of Nadia, a woman who has disappeared in her search for lost love, Michael is forced to face his own secrets. For years, he has experienced episodes of lost time and has zero memory of what has happened. Suppressing a parallel existence in an alternate reality, Michaels secret life as the Goddess Artemis lover has long been rationalized away by his brain. A representative of modern man, Michael suffers from his denial until he is forced to find a way to accept his own magical nature. Determined to solve Nadias case and forced to learn about himself, Michael ventures on a journey of self-discovery that could change his life forever. Michael Gate an emotionally charged transformative fiction novel by Olga Yahontova that reaches out to readers through their own past experiences. Using gripping criminal fiction and the search for lost love, the novel takes readers through an exciting cerebral journey into their own transformations. Creating a unique new form of literature, the novel introduces readers to the cathartic experience of therapeutic narratives. A captivating book that elicits personal experiences from each reader, Michael Gate is a must-own entry into every reading collection.

ber den Autor und weitere Mitwirkende Olga Yahontova, also known as Olga Kharitidi, is a trained psychiatrist from Siberia. In search of knowledge hidden within traditional cultures, she has traveled extensively through Europe, Asia, and Africa. Her first book, *Entering the Circle*, has become a classical introduction to the reality of shamanic practices and has been published in more than twenty countries. Her follow up, *The Master of Lucid Dreams*, continued her exploration of healing stories and presented a radically new approach to the healing of traumas. After more than a decade away from the public eye, Yahontova has returned with *Michael Gate* to start a new series of transformational books stemming from her personal, extraordinary experiences. She currently works as a forensic psychiatrist in a facility for the criminally insane. From her recent interview: "I construct the narratives of my stories to make them sort of a Rosetta Stone for collective imagination, so they become a tool to interpret the matters of the Invisible and to translate its most hidden elements into the matters of everyday life and vice versa." Olga Yahontova.
